VOL. XXV BELLEFONTE, PA., THURSDAY MORNING. MAY 10, 1894. NO 19

ALL FOUND GUILTY.

Coxey, Brown and Jones Must Walk the Judical Plank.

Washington, May 8.—The trial of Coxey, Brown and Jones, the Commonwealers charged with trespassing on the capitol grounds and carrying banners there in, in violation of law, ended this afternoon. When the case opened today, Lafe Pence, the Colorado populist congressman, addressed the jury. He said no one who had listened to the evidence could expect conviction and no one wanted a conviction except the police officers. Pence believed it was lawful for the commonwealers to assemble in the capitol grounds.

District Attorney Birney made the closing address for the prosecution. He said such movements as this was what led to sedition and revolution. It was what caused the French revolution, and there was no knowing what it might have started here, if it had been successful. Coxey had pleaded that he did not know he was committing a misdemeanor. Why then did he have a protest prepared, which he proposed to hand to the authorities in case he was refused permission to speak on the capitol steps that prove that this was a willful violation of law, as Coxey and his lieutenants were aware of all the facts of the case.

Judge Miller then instructed the jury. He said congress had the right to pass these police regulations and the people had no right to dicate to congress how it should transact its business. All believed in liberty, but unrestricted liberty was the worst thing in the world, and this way was simply a restriction and it should be obeyed. At 12.55 the jury retired to consider the verdict.

At twenty minutes past 3 o'clock the jury sent a request to the court to be allowed to have the written instructions of the court sent into them in the jury room, but to this Assistant District Attorney Mullowny objected. The jurors then filed out of their room, and Judge Miller read the instructions to them again. It took them only ten minutes afterwards to agree, and at 3. 40 o'clock they announced the verdict. The foreman had some difficulty in explaining it and this led a lawyer for the defense to object to the finding on the ground that the clerk of the court had misunderstood the verdict and had wrongly recorded it. The objection was overruled. The finding of the jury was that Coxey, Brown and Jones ase guilty on the first court, which charges them with carrying banners designed to bring the Coxey army into prominence in the capitol grounds.

On the second count, of unlawfully tramping on the grass of the capitol grounds, Coxey and Brown are found guilty, while the charge against Jones was dismissed.

Mr. Lipscomb gave notice of a motion for a new trial, and asked for an arrest of judgment. The motion will be returnable in four days.

There was no demonstration when the finding was announced, as Judge Miller had cautioned the bailiffs to arrest any man who acted indeconrously. At the instance of the district attorney the bail of the defendants was renewed in the sum of $500 for each, after which the court adjourned.

The penalty imposed by the statute for offenses of this kind, "Fine or imprisonment or both, at the discretion of the judge of the police court; the fine not to exceed $100, the imprisonment not to exceed sixty days."

The Commonwealers.

Washington, May 8.—The commonweal army was visited late yesterday afternoon by a committee of physicians to the poor, authorized by Health Officer Hammett to investigate the camp and report upon its sanitary condition.

The report was submitted this morning to Dr. Hammett, and the conclusions of the committee are in part that the surrounding of this square, including the premises inside of the fence, are of a germ breeding character, likely to cause all forms of contagious and infection disease.

The hospital tent is also used for a commissary department, and is located in what might be termed a "mud hole." The earth in nearly all portions of the ground is spongy and is composed principally of decomposed ammal and vegetable matter.

The men composing this so called army sleep on straw laid on the bare grounds, of a character which makes it necessarily injurious to their health.

In view of the condition of this square as we described it, we are of the opinion that it is entirely unfit for human habitation and that it should be vacated at once to avoid a possible epidemic of diseases to the people of the surrounding neighborhood, as well as to the inhabitants of the whole District. It is a menace to the health which cannot be overlooked and we recommend in the strongest language that immediate steps be taken to have it vacated in the interest of the public health of the people of the District of Columbia.

The report was promptly transmitted to the commissioners.

Coxey will probably be ordered to remove the camp at once.

A Prayer to the Commissioners.

Monday's mail brought the following supplication to this office:

"Oh, Commissioners! We pray thee, hear our petition, for thou art great over us, who art only the poor laborers and tax payers of the land, and by thy judgment we are valued highly; and thou art not forgetful to call upon us to help honor thy majority in keeping up the expenses in and around the great county Centre wherein thou movest (as palatine or palaver). We thank thee, oh, commissioners, for thou art not forgetful of us in making up a tax duplicate and also before election days. Now, oh commissioners! have mercy upon us, who are taxpayers, for thou knowest for some cause times are hard and money scarce; and thou, oh, commissioners! seeist the hundreds of our fellow clay without work or money, their dear little ones asking Mamma for bread. And now, oh commissioners! hear me in this, my petition. I know thou lovest me as I also love thee; and thou wouldst show great honor toward me in giving me a tax duplicate to collect. Me, a publican, and not worthy to receive such honor in these times. I pray thee, oh commissioners! excuse me until the good times come which were promised to poor taxpayers, whose wives are not able to journey to the place of thy abode, and there gaze upon the scenery and surroundings of a court house, with its fountains on either side of the entrance, and say, see, here goes the money we were distressed for. Excuse me, oh, commissioners! from such a task, under such a state of affairs."

A TAX PAYER.

Republican State Convention.

Harrisburg already feels the pressure of the Republican state convention which will convene in that city two weeks from to-morrow. From present indications the assemblage will be one of the largest and most enthusiastic ever witnessed at the state capital, judging from the fact that nearly all the available hotel accommodations have been secured long in advance by candidates, delegates and interested Republicans. General Hastings, who will be the nominee for Governor, has secured quarters at the Commonwealth, where many of the leading Republicans will be quartered. A new and novel feature of the convention will be a glee club of forty voices from the mining regions of Clearfield, an organization that has been rehearsing Hastings songs for several months. It promises to surprise the convention. Strange as it may seem Harrisburg is afraid that it will not be able to accommodate the crowds on this occasion, and late comers and careless delegates who have not secured quarters may have to sleep in the dining rooms or halls or look for quarters in the out skirts. The convention promises to be one of the most harmonious as well as enthusiastic ever held in the state.

Broke the Record.

The Chicago Inter Ocern tells how a Chicago newspaper man, Stanley Waterloo broke the record in writing a book. A Chicago publisher sent for Mr. Waterloo and asked him whether he could haye a book on the Coxey movement ready for the press in four days. Mr. Waterloo, being a well equipped journalist, full of resources and knowing not the word "fail," said he could. This was on Monday morning of last week. The publisher said, "Go ahead," and gave him carte blanche as to expenses. A staff of writers was organized, specialists were engaged for the historical part of the work, photographers took the field, type writers clicked day and night, and Mr. Waterloo himself hardly ate or slept. The result was that on Thursday night the "copy" for a book of over one hundred thousand words, with forty illustrations, was in the hands of the printesr, and is now on the market.

Breckinridge's Disgrace.

Lexington, May 6.—At the solicitation of a prominent Presbyterian gentleman, Colonel Breckinridge yesterday confessed his sin before the officers and pastor of Mount Horch Presbyterian church, of this county, which was founded by his father, Robert J. Breckinridge. He kept nothing from the representatives of the church, and asked their forgiveness of his sins.

The officers will consider the matter for some time before any action will be taken. It had been reported that Colonel Breckinridge had been expelled from the church, but this was not true.

USE DANA'S SARSAPARILLA, ITS "THE KIND THAT CURES."

THE COKE STRIKE STILL ON.

There May Be Serious Trouble in the Region To-Day.

Connellsville, Pa., May 6.—Saturday was a day of intense excitement in this section of the region. The strikers made a heroic effort to get the men all out and succeeded fairly well. The Paul works of the Rainey company is the only one in the entire region running full, and the company is determined to keep their plants in operation at all hazards. They secured an injunction from the United States court in Pittsburg, restraining the strikers from assembling in mobs near the works. These injunction papers were placed in Sheriff Wilhelm's hands with strict orders to execute them. This is a new plan, but one the company hopes will be successful.

The crisis has been reached in the coke region. The other operators a few days ago announced that they would start up Monday, regardless of cost or consequences, unless Rainey was closed down. Reports show that most of the Rainey's plants are still in operation. Accordingly, the other operators have given orders to their superintendents to make ready for a start on Monday. An official of one of the leading companies said last night: "We will start up Monday if half our men have to be armed to protect the other half, and if necessary the state troops will be called out. We cannot stand idly by and see our competitors get all the good contracts."

The strikers realize that an extraordinary move is on foot. The organizers are busy preparing the men to resist the attempts to start. Meetings were held in the Vanderbilt, Leisenring and Dunbar districts to-day, and also at Mount Pleasant branch. The leaders spoke at these meetings and encouraged the men to stand firm. They have received assurances from President McBride that the strikers outside of the coke regions will win within two weeks and return to work at their own wages. Five thousand dollars a day is promised the cokers and with that assistance the local leaders say the strikers can hold out until the operators surrender On the other hand the operators say the resumptions next week will work the end of the strike. It is charged that one of the leading companies has sent agents into the southern coke regions to secure laborers to break the strike. It is given out that a number of colored men were shipped into the region this week and that many more will arrive next week. The companies say there is no trouble to secure men from the West Virginia and Alabama coke regions.

The Commonwealers Satisfied.

Washington, May 7.—The commonwealers suffered somewhat from the rain storm which prevailed to-day, otherwise the men are apparently satisfied with their present mode of life.

Carl Browne delivered a reincarnation sermon twice to-day; the second time, he claimed, was by request. Coxey also spoke, but on non-interest bearing bonds and good roads.

Several ministers made application to hold religious services in the camp but were refused by Brown, who wanted nothing but reincarnation preached. One minister, however, held services outside the fence.

There are not more than one hundred men left in camp of the crowd that came over the mountains. Nearly all the old men have become disgusted and taken their departure. There are many about the camp though who are willing to remain so long as they are fed and numbers who are willing to swell the crowd on the same conditions. Browne to-day asserted there were 524 men on the rolls.

La Champagne Ashore.

New York, May 6.—The French Line steamer La Champagne, which arrived this morning, lies hard and fast upon the beach close under the big guns of Fort Hamilton, within 100 yards of the shore, and there she is likely to stay until the cargo is taken out. She went ashore this morning during a thick fog at high water while going at a good rate of speed. The next high tide will not float her without the ship is lightened considerably.

The passengers were not much alarmed when the vessel struck, as a few moments showed that she was so near shore that it could be no trouble to land.

Wind and Rain Storm.

Wilkesbarre, Pa., May 6.—A severe wind and rain storm, accompanied by thunder and lightning, swept over the Wyoming valley this afternoon. The rain came down for several hours in torrents, overflowing cellars and flooding many of the streets in this city, causing considerable damage. At Forty Fort, Simpson & Watkins' massive coal breaker is reported to be badly damaged by the terrific wind, while Sturmersville breaker, near Pattison, was also injured to a great extent. A new house at Wyoming, six miles from here, was blown down. The damage to farm houses and barns and other buildings in the country districts is very great, though the extent could not be learned at this time.

During the storm hail fell for at least a quarter of an hour. One of the trolley wires on Market street, in this city, was blown down and there were several narrow escapes from electrocution. At 7 o'clock this evening the storm has abated and no further damage is anticipated.

English Workingmen's Demonstration.

London, May 6.—English workingmen, as usual, made their eight hour demonstration this year on the first Sunday after May Day. Thousands of workers met in Hyde Park and were addressed by speakers from a dozen stands. All the meetings passed resolutions in favor of the eight hour day. They also resolved that the workingmen could free themselves economically, only after getting control of the machinery now in the hands of the capital class. Socialist speakers were more numerous and conspicious than in any preceeding year. They advised the workingmen to attack conservatives and liberals alike, and to try to prevent the parties from passing further legislation before both agreed to place in the foreground proposals to better the condition of the laboring class. Enormous crowds watched the procession pass to and from the Park. There was no disorder.

In Dublin a workingmen's meeting in Phœnix park passed the familiar eight hour resolution, besides calling for manhood suffrage and the payment of members of parliament.

The workingmen's meeting in Glasgow, after adopting the eight hours resolution, demaded the abolition of the house of lords and the nationalization of the railways.

An Ostrich-Like Fish.

New Kork, May 6.—A fish that resembles an ostrich, because of its peculiar appearance, was caught off Stapleton, Staten Island, yesterday morning, by William Schmeiser, a fisherman of that place. When he pulled up his nets he thought he had a big catch of small fish, but found instead a monster measuring four feet six inches in diameter and nearly round. When stretched on the beach it weighed seventy five pounds and was the only occupant of the net.

It was posessed of a most wonderful mouth, capable of opening to the extent of twenty-four inches. Just above it were three projections resembling fishing poles, which smaller fish seem to be fond of, for it is said the monster lets them nibble at projections and then takes them into his capacious jaws.

The fishermen gathered around and gave the queer fish wood, stones and iron spikes, which is gulped down. The odd-looking piscatorial curiosity was then allowed to die. The aquarium authorities would have been glad to pay a good price for the fish, which is rarely found in American waters. It is known as the Pterophryoides histrio, and also as the toad fish.

Gallitzin School Case.

Ebensburg, May 6.—The plaintiffs in the Gallitzin school case concluded their side of the controversy on Saturday afternoon. They called four or five pupils of the schools to the stand, several of them stating positively that they were required to address the teacher as "Sister," while the others stated that they were not. The Junior Mechanics' counsel then offered in evidence a number of sections from the printed copy of the rules of the order of St. Joseph. The offers being objected to by counsel for the sisters, the question of their admission was passed by for the time being by the court. The rules of the order, by agreement of counsel, will not be made public.

The school board then opened their side of the contention by calling five Protestant children, none of whom were required to address the teacher as "Sister" or the priest as "Father." Some of them, they testified, had refused to do so, but they were not reprimanded or punished. None of them had been asked to study the catechism of the Catholic church after regular school hours nor take part in any prayers that were recited after school. Court then adjourned at 3 o'clock until Monday.

Reads Like a Fish Story.

City of Mexico, May 6.—The discovery of $5,000,000 of Spanish treasure on the Jalapa ranch is reported here. While a clerk of the ranch was on his way on horse back across the property, the hoots of the animal sunk into a covering of mortar.

On dismounting he discovered a square stone with the inscription: "Below this stone are deposited $5,000,000." His master immediately put several men to work to make excavations, but owing to a dispute over ownership the spot is now under guard by rarales.

BRECKINRIDGE'S DEATH KNELL

His Polititai Aspirations Will Never Be Realized, According to the Courier Journal.

LOUISVILLE, Ky., May 6.—The Courier Journal, which has hitherto maintained a position of strict neutrality regarding the class of Congressman Breckinridge since the beginning of the Pollard scene, breaks silence in an editorial to day declaring that Mr. Breckinridge should be beaten for renomination. The papers says:

"The situation in the Ashland district unfortunate as it is unprecedented, makes it imperative that every journal which has the good of the party at heart, which cherishes the honor of the state and which appreciates its obligation to society, shall protest with all its power against the re-election of Colonel Breckinridge. We do not underrate what he has done for his party and the cause of tariff reform in the past. But even if his ability for future usefulness were not destroyed by the scandal which has darkened his name, the party could not afford to accept his services at the price it would be forced to pay. It is idle to attempt to obscure the issue with sophistical distinction between Colonel Breckinridge's public and private life. The case has gone far beyond the possibility of that. The question simply is, do the people of Kentucky propose to send as a representative to congress the man whom Colonel Breckinridge confessed himself to be in his testimony before a Washington jury; It is a question which transcends the limits of the Ashland district and of Kentucky itself. It is a question in which the people of the entire nation are deeply interested. That part of his speech yesterday devoted to the scandal in which he has figured were better passed over in city. It is a strange exhibition of marvellous effrontery, wretched taste and mentally and morally oblique casuistry.

The Trolly of Gettysburg.

The new Government Gettysburg Battlefield Commission shows a determination that the government shall regulate the control of the trolley line on the battlefield. Had similar activity been exhibited by the old commission in the beginning it could have prevented the destruction already committed at the base of the Round Tops.

The objection is not to a trolley line on the battlefield, but to letting it run loose. Properly regulated the trolley will be a positive convenience at Gettysburg. Much of the field can be penetrated by a trolley without doing any special harm. This is true of the Emmittsburg road and of the level, unbroken country generally. The managers of the Gettysburg trolley, however, turned themselves out among the rocks about the Devil's Den and have done so much damage that it has become necessary that the trolley people be turned out in turn and the ground restored as near as may be to its original condition.

The destruction is without excuse, because by using roads already existing and by taking advantage of the lay of the ground the trolley could serve sight seers to their entire satisfaction. The government proposes to condemn a portion of the existing trolley line. Unless this ground comes into the government's possession the intention of the government to mark the Union and Confederate lines cannot be carried out. The best thing the trolley people can do is to quietly submit to government regulation. That regulation has been shown to be absolutely necessary. There has been some intention of placing a beer garden and picnic grounds at the Round Tops. This should not and will not be permitted. But that it should be contemplated indicates the necessity for the prompt and vigorous action taken in the Federal Court.

The Philadelphia Brigade.

The survivors of the Philadelphia Brigade have made an appeal to the patriotic people of the State for contributions to erect a monument on the Antietam battle-field to commemorate the devotion of the 545 members of that organization who fell in that sanguinary struggle. This appeal should be heeded by every citizen who appreciates heroism in defense of our free institutions, and we doubt not that the response will be prompt and generous. Contributions should be sent to the Third National Bank, Broad and Market street. The Philadelphia Brigade was composed of the Sixty-ninth, Seventy-first, Seventy-second and One Hundred and Sixth Pennsylvania Regiments of infantry, all of which were organized in this city. Over 5,000 left for the front in 1861, having been organized under the gallant Colonel Baker, then United States Senator from Oregon. It participated in every battle in which the Army of the Potomac was engaged from Ball's Bluff to Appomattox, and its losses in killed, wounded and captured aggregated 4,000 men. It never lost a battle flag, but captured twenty-five battle flags from the enemy and over 4,000 prisoners. It held the Bloody Angle at Gettysburg, where it received the full shock of Pickett's charge on that memorable field.

In the battle of Antietam the brigade was led by General O. O. Howard, and was part of General Sedgwick's division and Sumner's corps, and it engaged in the most desperate struggle of the battle near the Dunker Church. There is eminent fitness, therefore, in erecting a monument to this brigade as a testimonial to the 545 soldiers who there fell in defense of free government, and we sincerely trust that the voluntary contributions of patriotic citizens will, in a very few days, furnish an ample sum for the erection of the proposed monument.

The energetic and efficient manner in which the Gettysburg Battlefield Commission has blocked the intruding trolley is made the occasion of disparaging comparison between the commission and the old Battlefield Memorial Association, which failed to checkmate the trolley and prevent it from getting an entrance to the battleground. The Memorial Association locked horns with the trolley company from the first, but as it, unlike the federal commission, has not the right of eminent domain it could not condemn the trolley line, and being without money it could not buy up the battlefield ahead of it. The association kept the trolley off its own ground, however, contested its rights in the courts and tried in vain to get the Attorney General of the State to proceed against it as an unlawfully formed corporation. It was unable to oust this intruder from the land which it had purchased in fee. Only the eminent domain of the State or of the United States could do this, and here is where the federal commission has the supreme advantage which it has used so well.

THE report printed last week from the peach growing counties of New Jersey, that the orchards are in good condition and promise a large yield, was a pleasing surprise to those who feared that the untimely April frost had ruined all chance of a crop. It encourages the hope that the situation in Delaware and Maryland may not be so bad as it has been represented to be. Indeed, the Baltimore American says that a second study of the trees in those States "will probably show that the damage by frost was not so great as at first thought, and that before the summer is over the delicious fruit will be plentiful and as luscious as ever." The Spring has been so mild and generally so favorable to fruits that the public was loath to believe that all prospect of a crop of the most palatable of fruits is destroyed. The developments of the season will be awaited with a good deal of interest.

Two Cadets Shot a Burglar.

Puoghkeepsie, N. Y., May 8.—A burglar broke into the Riverside Military academy here at 3 o'clock this morning and ransacked the rooms of nearly fifty students, stealing watches and everything of value he could find. Two cadets, Hugh Bullock, aged 20, and Harold B. Lewis, aged 19, at Atlanta, Ga., were aroused by the intruder's noise, and hid in the hall with loaded revolvers while the burglar was on the upper floor. When he came downstairs the boys fired four shots at him, two of which entered his body. The burglar escaped from the building and managed to reach the New York Central station, where he was arrested. He lies in a critical condition at police headquarters. The cadets who shot him have not been arrested.

Judge Barker and the Nuns

Johnstown, Pa., May 8.—Judge Barker will probably hand down his decision in the now somewhat celebrated Gallitzin school case before the close of the week, all the testimony being concluded this morning and the arguments of the several attorneys heard this afternoon. Three hours were allowed each side for argument. It is the general belief that the American Mechanics, who are the complainants in the case, having petitioned the court to strain nuns from teaching in the public schools of Gallitzin, have failed to sustain their averments, unless it be with reference to nuns teaching in the public schools while wearing the nuns' garb. The final decision of Judge Barker is awaited with great interest.

The riots in Cleveland this week are the natural result of the open and shameless defiance of the law by tramps and vagrants for the past month, joined to the supine neglect of the enforcement of the laws against tramps and vagrancy by the legal authorities of every State, from California to Massachusetts. Breaking law is like the letting out of waters. No man can tell where it will end. The Cleveland riot ought to be a solemn warning to every State and city that it is not possible to let tramps who walk over the laws against vagrancy go unchecked without having rioters to ride over all law.

STRIKERS USE BOMBS.

An Alleged Attempt to Blow Up the Morewood Coke Plant Foiled.

MT. PLEASANT, May 2.—A diabolical plot to blow up the Morewood mine shaft was frustrated in the nick of time by Sheriff Peter McCann this afternoon, and the plotters are now safely lodged in jail at Greensburg.

The plan of operation was divulged to a coke worker, who in turn revealed it to the authorities. The suspected persons were shadowed by the Sheriff, and at 3 o'clock this afternoon Edward Davis, Wm. McCracken and two Slavs were seen to bury something in the woods a mile from the shaft.

After the men disappeared the Sheriff and his party unearthed the object, and found it to be a huge bomb, in the shape of a kettle, to which was attached a long time fuse. Around the bomb, which was filled with explosive material, was wound heavy wire. Three unfinished bombs were also found.

The men were pursued and captured. It was admitted that it was the intention to throw the shell down the shaft to night. Sheriff McCann brought the bomb home. Edward Davis is a brother of Secretary Davis, now in jail at Uniontown, and both have been prominent in the meetings of strikers at Scottdale recently.

There is tremendous excitement through out this region over later developments in the bomb plot at the Morewood mine. It is now known that Edward Davis had other confederates than those in custody, and it is feared that the sheriff has not disposed of the dynamite business by his shrewdness in trapping Davis and his companions. It is said the plot was laid in the United Mine Workers' hall at Bessemer, a plant of the McClure Coke Company, a little over a mile south of this place.

A suspected striker, who is known to favor high explosives as strike arguments, is quoted as saying that Sheriff McCann did a clever thing when he captured the bombs, as he would have learned from personal experience what at least one of them was being made for.

The operators added three more idle plants to the active list to-day, the Painter, Elm Grove and Nellie plants starting up with light forces. The superintendents of the plants say they will have many more men at work to-morrow. The strike leaders held a large meeting at Moyer to night. Four hundred men were present. Barrett and Nowaski made speeches insisting upon the Moyer men joining the strike. A very small representation of the Moyer men attended the meeting, and those present are divided in opinion as to their joining the strike.

If the men don't come out the leaders will establish a camp sight of the plant with the hope of influencing the men to quit.

Flood of Silver Dollars.

Philadelphia, May 2.—The workmen engaged in counting the 50,000,000 silver dollars that lie in the recently opened vaults of the mint had an exciting experience yesterday afternoon. The bags have rotted so much that a dam was built across the vault to prevent the silver from rolling out in case the bags should burst. A number of workmen were on the mountain of silver yesterday afternoon and directly beneath the wooden dam at its base were several clerks.

Suddenly a bag beneath the foot of a man above burst and disgorged its contents. The men on the silver mountain started to come down. The bags broke suddenly by the dozens, and before the men in the vault could realize what was coming over 200,000 silver dollars were pouring down upon them, a veritable cataract of precious metal. They jumped and ran, for there was no knowing but that the millions above might follow. Fortunately no one was caught in the flood and no one was injured.

Strikers Take to Shooting.

Philipsburg, May 2.—Last night a lot of idle Slav miners from Munson had a free for all fight by which Andrew Lonyek will probably lose his life. In the fight Paul Picker fired two shots at Lonyek without effect. His associates tried to capture him, but he ran across a creek which is the dividing line between Clearfield and Centre counties, and fired a third and probably fatal shot from the Centre county side. An organized party is trying to find Picker, but up to midnight he had eluded his pursuers.

Another fight occurred in Hawk Run, in which one man was beaten so he may die. Three arrests were made to-day. The Slavs are getting restless. Twenty of them at Munson armed themselves with knives and revolvers and started in the direction of Philipsburg this evening, but up to a late hour to-night no serious trouble has been reported.

May Die From a Druggist's Mistake.

Wilkesbarre, May 2.—A druggist's mistake may cause the death of Daniel Carmody, foreman of the Sheldon Axle works, of this city, the largest establishment of its kind in the United States Mr. Carmody suffered from nasal catarrh and consulted Dr. O'Malley, who prescribed a douche, in which one of the ingredients was potash. The druggist in compounding the prescription inadvertently substituted bi chlofide of mercury, which is a poisonous drug. When Mr. Carmody applied the remedy it ate away the membrane of the nostrils, causing the patient the most intense agony and rendering him absolutely blind for several hours. He is in a critical contition and his recovery is considered doubtful.

A Judicial Test.

A curious incident took place the other day in a Brooklyn police court. A lame man had been arrested on the complaint of his wife for cruelly beating her. The Judge was about to send the man to the penitentiary, for when a woman swears against a man the man gets but small credit. Just then the little four year old child, which the mother was leading out of court and which seemed to be hanging back, attracted the Judge's attention. He ordered the child to be placed between the two parents, a considerable distance from each, and then directed each parent to call it. The mother called to it first, but the child did not move. Then the father called, and the child ran to his arms with every manifestation of affection. This settled the case. The Judge told the prisoner that the child had saved him from the penitentiary, as he was satisfied he must have a kind heart or the child would not be so fond of him. This was a practical way of settling matters, similar to that which history and tradition ascribes to King Solomon.

Boys Were Quicker Than Girls.

New Haven, May 2.—Dr. J. A. Gilbert, of the Yale psychological laboratory, has completed some tests regarding the mental and physical developments of the pupils of the New Haven public school. Many of the tests are entirely new. The tests were made on 1,200 boys and girls, varying from 6 to 17 years of age, He has made a series of charts which show that boys are more sensitive to weight discrimination, that girls can tell the difference in color shades better than the other sex. Altogether the charts show also that both boys and girls between the ages of 12 and 14 years are not so bright, quick or strong in proportion, nor do they develop as fast as they do before and after those years. The object of the test is to enable teachers to better understand the mental requirements of the pupils.

Almost Stung to death by Bees.

Pottstown, May 2.—John Weidersaul, over 80 years of age, had a narrow escape from being stung to death by bees yesterday while hiving a swarm of his bees, which alighted on a tree. Another swarm came to the tree and attacked him wickedly, stinging him in over a hundred places, on the face, neck and hands. He managed to reach the barn, and was found there later on, lying cold and unconscious, and black and blue in the face. A physician was summoned, who, after a long effort, resuscitated him, and he will recover. Mr. Weidersaul was for many years a hotel keeper in town.

AN AMERICAN QUEEN

AND HER FOUR DAUGHTERS,

A Scene on the 3 O'clock Express Between Boston and Worcester, Mass.

[SPECIAL TO OUR LADY READERS.]

It was a pretty sight.

The passengers turned around in their seats to better note the something unusual.

A noble looking woman had entered the car, followed by four daughters, ageing from fifteen to twenty years. The mother had one of those good and wholesome faces that one so rarely sees, but that men and women always admire. The daughters had the same healthy, wholesome look. They were well born, well cared for, and, without doubt, never suffered from any of the ills that curse many women.

Mothers owe a duty to their daughters that in too many cases is neglected.

Nature has provided a time for purification, and if the channels are obstructed, the entire system is poisoned and misery comes.

Mrs. Chas. Hines of Duncannon, Pa., a woman of large experience, in speaking of a mother's duty, says: "Watch carefully your daughters' physical development.

"Mothers should see that nature is assisted, if necessary, to perform its office, and keep their daughters well informed as to matters concerning themselves."

Irregularities, from whatever cause, are sure indications of organic trouble. With irregularities come disturbance of the stomach and kidneys.

Violent headaches often attack the victim, pains shoot everywhere. Extreme irritability follows quickly, and then utter despondency overwhelms the already overburdened life. Unless the obstruction is removed at once, your daughter's whole future will be darkened.

Lydia E. Pinkham's Vegetable Compound will accomplish the work speedily. It is the most effective remedy for irregular or suspended action known.

PILES "ANAKESIS" gives instant relief and is an infallible Cure for Piles. Price $1. By Druggists or mail. Samples free. Address "ANAKESIS," Box 2416, New York City.

CAMP OF THE COMMONWEAL.

The Coxies Are Preparing for an Indefinite Stay.

Washington, May 2.—The Commonweal army is now at its new camp on First street, in Southwest Washington. The ground is enclosed by a board fence, and along the south and west sides the famous canvas wall has been stretched, forming quite a good awning. Under this a lot of clean straw has been thrown and the majority of the men are sheltered. At noon Oklahoma Sam announced the arrival of Christopher Columbus Jones. Three cheers were given and Jones removed his hat and entered smilingly and was enthusiastically received. He remarked that he would not say much. "We are gaining confidence in the public," he began, and then said apologetically, "I hope you won't think I am putting on frills riding around in a cab yesterday." Then some one began to sing, "Miss Jones Came Back," and Jones retired to a tent.

A few minutes later Mr. Coxey entered and immediately began giving orders to clean up the grounds. He evidently is fixing up for an indefinite stay. When asked if he would again attempt to speak at the capitol, he replied that he would say nothing on the subject.

Carl Browne was down at the camp early in the morning for a few minutes only. There are quite a number of new recruits at the camp, including one "accordionist" who ground out the most doleful airs to a number of attentive listeners. The men to be contented. A single policeman is detailed at the camp.

A Summer Piazza.

To quote our friends of the Emerald Isle the most important thing in a country home is the piazza which is outside of it, and the fitting of this outdoor parlor is an important item, writes Mrs. Garrett Webster in the Ladies' Home Journal. The porch should contain at least two stout and serviceable hammocks, swung from strong and properly placed hooks.

Equally necessary is it that each hammock shall be provided with at least two cushions and afghans of light and heavy weight. The cushions are most serviceable when covered with bright bandanna kerchiefs, turkey red cotton or blue denim made with a double ruffle, and, if the time for its working can be spared, with the name of the house embroidered thereon in black on the red or white on the blue material. The wraps may consist of woolen afghans in gay colors and of the cheap Italian or Mexican silk blankets.

Next in importance to the hammocks and their accoutrements are the porch chairs. At least four large rockers with broad arms will be required, and to these should be added, if possible, four smaller chairs innocent of rockers. Two steady tables of whatever fashion may be desired are important requisites.

A large fish net tacked on to the walls of the house forms a convenient abiding place for newspapers and novels. A couple of jaadinieres of cheap pottery with growing plants therein, Japanese rattan screens as protection from the glare, one or two inexpensive rugs, on which are dropped a half dozen covered cushions, add beauty and luxury.

Nearby Counties.

Clearfield county has fourteen newspapers.

Reynoldsville's new woolen mill was started Tuesday.

Forty eight marriage licenses were issued in Northumberland county during April.

The shops of the Buffalo and Susquehanna railroad company will be located at Austin, Potter county.

Burgess Knight, of Watsontown, has issued a proclamation against ball playing on the streets of that thriving town.

The Johnston company, of Johnstown has been awarded the contract to construct a solid rail 100 miles long for the trolley street railway in Brooklyn.

The P. & E. gravel train at Driftwood was put to work again on Tuesday, the 1st inst., which gives employment to twenty-one men. The train was taken off on December 15th last.

There was reported to the Sunbury board of health during the month of April twenty-eight contagious diseases, divided as follows: Scarlet fever, 15; measles, 10; typhoid fever, 1; varioloid, 1; chicken pox, 1. No case of scarlet fever reported since the 19th of April.

A Painful Accident.

Last Thursday Mr. David Wise, one of Zion's most highly respected and well known citizens, met with a very painful accident. Mr. Wise rode a young, but quiet, horse to the village of Zion, a distance of about one mile, to transact some business, and while on his way home a dog, who was lying along the fence, ran out and frightened the horse, causing him to stumble and fall on his knees, throwing the rider forward, and to the ground. Mr. J. G. Royer and son Joel, was working in a field close by, saw what had happened and ran to his assistance. They took him home and at once summoned Dr. Fisher, who found that he had several ribs broken and was otherwise hurt inwardly. Mr. Wise is a very lusty man, and is suffering much pain. We hope he will soon recover.

—While Superintendent Patton, of the Huntingdon reformatory, was hearing several prisoners on Tuesday who were charged with a breach of discipline, he was knocked down by a blow from the fist of a man named Houghton. The rascal was prevented from doing the superintendent any harm by the other prisoners.

Sunday Papers.

Judge White, of Pittsburg, has fined the publisher of the Sunday Press of that city $25 and costs for publishing and distributing that paper on Sunday. This is an abuse of the act of 1794, which the misapplied zeal of some persons is bringing into contempt. The judge had a precedent in the decision of the supreme Court, which was evidently given without relish, as the Court volunteered the advice that the law ought not to be executed This is like the man who said he was in favor of the Maine law but again its enforcement.

But the whole difficulty is caused by a misunderstanding of the law of 1794. That act was purposely made elastic so as to suit the changes which time makes in the conditions and habits of the people. It required no little strain to sustain the law when it was attacked as unconstitutional, but as the great body of the people are in favor of Sunday rest and observance the law has been submitted to when wisely applied and revolted against when it has been misapplied, as in the Sunday shaving and newspaper decisions. The law excepts works of necessity and charity. What is a work of necessity is a matter which is subject to the changes caused by time, progress and the conditions of the people. It was in the habit within the memory of persons now living to cook the meat for Sunday dinner on Saturday and serve it cold on Sunday. This is not done in many houses now. Music in churches was considered irreligious; now it is in nearly all the churches, and in private houses it is frequently heard on Sunday.

One of the most remarkable evolutions of a necessity was in the matter of running the street cars on Sunday. An otherwise clear-headed Judge on general topics decided that it was a breach of the peace to run a car on Sunday. If he had asked himself how an act could be a breach of the peace on Sunday and not be such on Monday perhaps he might have decided otherwise. Then the zealot obtained a temporary injunction to restrain the running of the cars on Sunday, but the full bench of Judges set aside the injunction. They decided, or rather repeated the law, that a court of equity has nothing to do with the administration of the criminal law. Still the decision that it was a breach of the peace was unrevoked, and the Union Passenger Railway Company resorted to the device of getting a contract to carry the mails and put mail boxes on the sides of their cars to drop letters in. This was a mere sham, as the cars did not run to the post office and letters laid in the boxes so long that the disguise was at last thrown off, while the cars continued to run without interruption. Now clergymen use them, and it is doubtful if one-tenth of the people would agree to their discontinuance.

Children Cry for Pitcher's Castoria.

REMEMBER there are hundreds of brands of White Lead (so called) on the market that are not White Lead, composed largely of Barytes and other cheap materials. But the number of brands of genuine

Strictly Pure White Lead

is limited. The following brands are standard "Old Dutch" process, and just as good as they were when you or your father were boys:

"Armstrong & McKelvy,"
"Beymer-Bauman,"
"Davis-Chambers,"
"Fahnestock."

FOR COLORS.—National Lead Co.'s Pure White Lead Tinting Colors, a one-pound can to a 25-pound keg of Lead and mix your own paints. Saves time and annoyance in matching shades, and insures the best paint that it is possible to put on wood.

Send us a postal card and get our book on paints and color-card, free; it will probably save you a good many dollars.

TREMONT MEDICAL CO., Boston, Mass.

—Clinton county jail has but two prisoners in it.

—Wonder if Bellefonte will have a circus this season.

—Mrs. Michael Kelley, of West Beaver Street, is very low with neuralgia of the blood.

—Picnic time will soon be here and already there is an increased attendance of boys at the Sunday schools.

—The curb market is minus everything but the curb, and it might be deficient in that if it was not so solidly planted.

—The Reformed church sociable held at residence of Rev. Miles O. Noll on Thursday evening proved a most successful and pleasant event.

—The favorite ball players in the State League this year are the men who composed Bellefonte's famous team during the season of 1893.

—An effort is being made to have the State College ball team play the Cuban Giants on the ball grounds at Hunters Park at an early date.

—Mr. John Dunlap was this week appointed crier of the Centre county courts. John has a good pair of lungs and will, no doubt, make a good crier.

—New flagstone pavements are being put down in front of the properties of Jno G. Love, Esq., on East Linn street, and Col. W. H. Wilkinson, on Allegheny.

—Court is over. The whole of this week was taken up with the trial of cases rather trivial so far as financial value was concerned, but all of which took up considerable time of the court.

—The Williamsport *Morning News*, a new paper recently landed on the rough sea of journalism, will hereafter be issued as an evening paper. Thus far its success has been most phenomenal.

—In the case of the Philipsburg turn pike company against Centre county the jury brought in a verdict for $1,000. Conrad Longfor his turnpike from Howard to Jacksonville, was awarded $750.

—Don't forget the Lock Haven Normal vs. Bellefonte Academy ball game at Hunter's Park to-morrow afternoon. Train leaves at 1.30 o'clock, and 15 cents will admit you to the game and grand stand both.

—Saturday, June 9th, from three o'clock to 7 o'clock p. m., will be the time for holding the Democratic primaries in Centre county hereafter. The county convention will be held on the second Tuesday in June, the 12th.

—After a pleasant visit of a week with her friend, Miss Emma Cook, Miss Ella Twitmire returned to her home, in Bellefonte Monday last. Of course that certain young druggist feels very gloomy, so he says.—Lewisburg *Chronicle*.

—Meyer's famous orchestra has already been engaged to furnish the music for the High School commencement exercises, which will occur about the last of this month. This musical organization is winning considerable fame as good music makers.

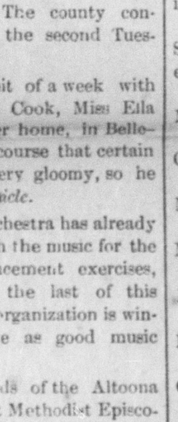
—The district stewards of the Altoona district met in the First Methodist Episcopal church of Tyrone yesterday and agreed that the salary to be paid Presiding Elder D. S. Monroe should be the same as that paid his predecessor, Dr. B. Hamlin—namely $2,500.

—Forest fires raged all day on Wednesday and Wednesday night on the top of the mountains north of Bellefonte. At night the zigzag trail looked like a long, fiery serpent, crawling along the very top of the range, eager to dart on its course to destruction.

The Human Electrical Forces!

How They Control the Organs of the Body.

The electrical force of the human body, as the nerve fluid may be termed, is an especially attractive department of science, as it exerts so marked an influence on the health of the organs of the body. Nerve force is produced by the brain and conveyed by means of the nerves to the various organs of the body, thus supplying the latter with the vitality necessary to insure their health. The pneumogastric nerve, as shown here, may be said to be the most important of the entire nerve system, as it supplies the heart, lungs, stomach, bowels, etc., with the nerve force necessary to keep them active and healthy. As will be seen by the cut the long nerve descending from the base of the brain and terminating in the bowels is the pneumogastric, while the numerous little branches supply the heart, lungs and stomach with necessary vitality. When the brain becomes in any way disordered by irritability or exhaustion, the nerve force which it supplies is lessened, and the organs receiving the diminished supply are consequently weakened.



Physicians generally fail to recognize the importance of this fact, but treat the organ itself instead of the cause of the trouble The noted specialist, Franklin Miles, M. D., LL. B., has given the greater part of his life to the study of this subject, and the principal discoveries concerning it are due to his efforts.

Dr. Miles' Restorative Nervine, the unrivaled brain and nerve food, is prepared on the principle that all nervous and many other difficulties originate from disorders of the nerve centers. Its wonderful success in curing these disorders is testified to by thousands in every part of the land.

Restorative Nervine cures sleeplessness, nervous prostration, dizziness, hysteria, sexual debility, St. Vitus dance, epilepsy, etc. It is free from opiates or dangerous drugs. It is sold on a positive guarantee by all druggists, or sent direct by the Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, $1 per bottle, six bottles for $5, express prepaid.

25 CTS. PISO'S CURE FOR CURES WHERE ALL ELSE FAILS. Best Cough Syrup. Tastes Good. Use in time. Sold by druggists. CONSUMPTION 25 CTS.

JUNIOR ORATORICAL CONTEST.

Out of Ten Students Miss Lena Baum Wins the Prize.

In 1889 Major Wm. F. Reynolds offered fifteen dollars in gold as a prize to the student in the Junior class of the Bellefonte High School who should excel in oratory in a regular contest to be held in public and decided by regularly appointed judges, the first prize to be awarded to the class of 1891, at a contest to be held in 1890. Mr. Reynolds' generosity has been the means of much good, inasmuch as it has created an ambition on the part of the students to cultivate a talent heretofore too much neglected in our common schools. The first prize was won by Miss Ella Twitmire; in 1892 the prize was taken by Miss Maggie Teats and last year by Mr. Paul Fortney.

Heretofore these contests had been held in the afternoon in the High School room, but such has been the interest manifested that it was this year rightly adjudged entirely inadequate to entertain the crowd that might want to attend and consequently the contest was held in Garman's opera house Friday evening. And it was a fortunate thing it was held there, for the house was well filled—there being about seven hundred people present. During the day the students were busy decorating the stage and in the evening it presented a very attractive appearance. Draperies of the class colors, red and white, hung from the columns on either side of the stage while across the top were festoons of the same material and just beneath was woven the class year '95.

It was just ten minutes past eight o'clock when Meyer's famous orchestra, which was present to furnish the music, struck up the Festival Overture, and the curtain went up presenting the stage in a beautiful setting, while arrayed thereon in a semi-circle was the Junior Class with Rev. Zehner, Principal Etters and Prof. Johnstonbaugh. The students looked extremely lovely, the ladies all dressed in cream and white and the gentlemen in full black.

The exercises of the evening were opened with an invocation by Rev. Zehner and then to give the students time to steady their nerves for the coming ordeal the orchestra played the Skirt Dance.

Prof. Johnstonbaugh then introduced the first speaker of the evening and then, followed in general succession the following programme:

Recitation, "There is but One pair of Stockings to Darn To-night," Miss Katherine Heylmun.

Recitation, "Coming Home from Town," Miss Mary Underwood.

Recitation, "The Mother's Vacant Chair," Miss Frances Elmore.

Music, "My Love will be Home in the Morning" waltz, Orchestra.

Recitation, "Resisting a Mother's Love," Miss Lena Baum.

Declamation, "Lafayette," Mr. Charles McClure.

Recitation, "The Village Bell," Miss Mollie Crotty.

Music, "Four Little Curly Headed Coons," Song and Dance, Orchestra.

Declamation, "A Century of American Growth," Mr. Gray Hastings.

Declamation, "The Battle of Gettysburg," Mr. Will McCalmont.

Music, "Philatellist March," Orchestra.

Recitation, "The Battle of Lexington," Miss Della Goodfellow.

Recitation, "The Fate of Virginia," Miss Harriet Stott.

The Orchestra then struck up the Eliza Jane Waltz and the judges, Messrs. Clement Dale, Esq., George R. Meek and Charles R. Kurtz, retired for consultation.

When the music ceased D. F. Fortney, Esq., came upon the stage and announced the lecture of Dr. Krauskopf next Wednesday evening and urged all who could to attend. The Judges not having yet returned the orchestra rendered Haysel Club. By this time the Court on judgment had appeared and Clement Dale ascended to the stage and in a neat speech complimented each and everyone of the students and then announced as the fortunate one to win the prize Miss Lena Baum. A perfect volley of applause greeted this announcement, and mid the strains of the Greater N. Y. March, by the orchestra, the audience retired from the house and the fortunate prize winner received the congratulations of her classmates and friends.

In behalf of the contestants we desire to compliment one and all on the style in which they delivered their selections. It was the best all around average oratorical contest ever held by the Bellefonte High school, and it is a pity there were not prizes enough that all could have gotten one.

Sentences Imposed.

The Court last Saturday imposed the following sentences:

Milton Harmon and wife, each one year in the Western penitentiary.

James Cornelius, $25 fine, cost of prosecution, restitution of the goods stolen, or the equivalent value thereof, and three months imprisonment in the county jail.

Alfred Stewart, cost of prosecution and three months in jail.

Malvina Fink, $25 fine and costs, and stand committed until sentence was complied with.

Contract for a Monument.

To-day's Harrisburg Patriot says: The contract for the erection of a monument at the intersection of Indiana, Cambria and Clearfield counties to mark Cherry Tree or Canoe Place, the corner of the proprietaries purchased from the Indians by the treaty at Fort Stainwax, N. Y., on November 5, 1876, will be awarded today to E. F. Carr & Co., of Quincy, Mass., the lowest bidder. The last legislature appropriated $1,500 for the erection of the monument and this firm agrees to do the work for considerably less than that sum.

State College News Notes.

STATE COLLEGE, May 3, 1894.

About twenty members of the Junior Class of the College visited the blast furnaces and iron mills of Bellefonte today. They were in charge of Prof. Stoek, of the Mining Department, and went to observe the practical process of metallurgy. A very pleasant and profitable day was spent by all. The men are loud in their praise of the courtesy shown to them, both by the officials and by the employees of the plant they visited.

Four silver cups have been presented to the Athletic Association to be contested for at the weekly handicap meets. Two of the cups were presented by Prof. M. C. Ihlseng, one by Prof. Emery and one by Prof. Willard. They are all very beautiful and will serve to lend additional interest to the athletic side of college life.

The series of religious meetings being conducted by Mr. Gilbert Beaver closed this evening. Many men have publicly professed christianity and a great change has taken place throughout the college.

The grounds about the College are now appearing in their most beautiful light. Always beautiful, they are now a hundredfold more so. It is generally conceded that the campus of this college is the most beautiful in the State, if not in the United States.

Created a Surprise.

The recent arrival of a letter at the Newberry postoffice, says the Williamsport *Gazette and Bulletin*, which letter only reached the person for whom it was intended Wednesday, brings to light a rather remarkable case. At the time of the late rebellion a resident of Newberry joined the Union army and at various times during the war his family heard from him. At its close the husband and father did not return home, and as the years passed by with no word from him his family came to the conclusion that he had been killed during the war, and was buried among others unknown. Later in life the wife again married and is now one of the most highly respected ladies in that end of the city.

After thirty years of silence the husband has written home, mailing his letter in care of the postmaster at Newberry. It has been in the latter's hand for some time. The letter was dated Washington and stated that he was in that city and would like to hear from his family. He gave no explanation of his long silence.

Special Meeting of Council

A special meeting of the borough council was held in their rooms on Thursday evening. Eight of the nine members were present. Clement Dale, the Borough Solicitor; Henry Wetzel, borough engineer, together with a number of citizens were also present. The object of the meeting was to take into consideration the establishment of a permanent grade on Curtin street. The borough engineer had made a survey of the street and exhibited a map of the same. The grade recommended by him was adopted. Clement Dale, borough solicitor, stated that he had made some investigations as to the authority exercised over the turn pike by the borough; that by an agreement betewen the borough authorities and the pike company, the former kept the street or pike in repairs to Rhoads' corner and the latter from the Rhoads property to near the lime kilns which is a point on the northern line of the borough.

Take a Raw Egg.

A raw egg is an excellent tonic with which to begin these warm spring days. It is strengthening and tends to prevent that tired feeling which is so prevalent at this season of the year. If prepared in the following way it is really a delicious drink. Put the yoke of an egg into a dish with a teaspoonful of white sugar and a teaspoonful of orange or lemon juice, and beat lightly together with a fork. Put the whites on a plate and add a pinch of salt; then, with a broad bladed knife, beat it to a stiff froth. Now, as lightly transfer to a clean tumbler, which it will nearly fill if properly made. It must not stand in a warm place, as it soon becomes liquid and loses its snowy look. Any fruit juice may be used instead of orange or lemon.

—Rev. J. A. Woodcock, the general agent for the Mutual Life Insurance Company, of New York, to day received a check for five thousand dollars in favor of Mrs. Bryson, the amount of a policy held by her husband, Wm. Bryson, Esq., of Philipsburg. In the payment of this policy the Mutual Life has displayed its usual promptness in making payments, it being the first on the list, and, by the way, this is another illustration of the good of insurance. Mr. Bryson had only taken out the above policy about seven months ago. He also carried a policy on the Royal Arcanum for three thousand dollars, thus leaving to his family the sum of eight thousand dollars in hard cash.

—We have been requested to state that the Rev. Mr. Wye, (colored) who has been collecting money here for the last few days, has no connection with the A. M. E. church. The public should be careful how they exercise their charity.

CASE OF NUNS.

A Motion to Dissolve the Injunction Now on at Ebensburg.

The case concerning the employment of Catholic nuns in the Gallitzin public schools, known as Hysong et al vs. the Galitizin school district, was called in the county court at Ebensburg, at 10.30 o'clock yesterday morning.

The counsel for the defendants are ex-Judge Krebs, of Clearfield county, F. J. O'Connor, of Johnstown, and M. D. Kittell and F. A. Shoemaker, of Ebensburg. For the complainants, Hon. T. H. Baird Patterson and A. D. Wilken, of Pittsburg, and H. W. Storey, of Johnstown.

The respondents in the case filed an answer in which were advanced thirteen points under oath. They denied that there was in any ways a violation of the law in the manner of conducting the public schools of Gallitzin, or in the use of public money.

Mr. Krebs moved to dissolve the injunction on the ground that the averments of the complainants had all been answered. To this the counsel for the complainants objected. The court here remarked that the averments had been answered, and if the counsel could not agree to a continuance he would hear testimony this afternoon.

Mr. Krebs asked, that since there were but three or four more days of school, the term be finished, under the direction of the court, with the former teachers.

The counsel for complainants objected to this on the ground that unless there was an agreement to continue, such a course would place them under the necessity of instituting another action.

There could be no agreement reached by the counsel as to a continuance, and the case is proceeding. There are in all about fifty witnesses to be examined.

An intense interest is manifested in the case. Large numbers of people are present from Gallitzin, Loretto and other places.

A Sad Case.

Clearfield county has developed a case of the most harrowing poverty. The *Journal* says of it:

"A horrible story of poverty, death and neglect, comes from Bigler township. Geo Merriman the husband is in the county jail charged with stealing, as he alleges, to keep his wife and five children from starving. On Thursday night last the wife, residing in a hut with four children was alone and gave birth to a child. Mother and child were found dead at ten o'clock on Friday morning after information had been made by the little children who were ignorant of the causes of their mother's death. The details of the case are horrible, but in the absence of reliable information as to all the facts further comment is witheld at this time."

Eckenroth—Erhard.

A large welding on Wednesday was that of Mr. Charles R. Eckenroth, of Union township, to Miss Jodie L. Erhard, of Unionville. In the presence of over one hundred guests Rev. George Warren, of the Methodist church, pronounced the ceremony that made them one. The wedding was celebrated at 6 o'clock at the bride's parents, Mr. and Mrs. E. E. Erhard. A splendid reception followed the ceremony.

The groom is a son of Mr. Thos. Eckenroth and is a prosperous and highly esteemed young farmer of that community, while his bride is a most estimable young woman, having been a valued teacher in the public schools of the county.

Be Not Lazy.

A cheerful home is proof against dull care and worry and discontent. Cheerfulness in a home does not alone consist in music, laughter and having a good time, but rather in activity. A lazy household is never a cheerful one. Haven't you noticed that the women folks sing more when at work than when killing time? Boys whistle when pleasantly employed, but rarely blow a note loafing or engaged in mischief. You need never be afraid of a singing woman or whistling man. They are too light hearted and clear of conscience to be guilty of anything very bad.

Tanneries Shut Down.

Philipsburg Ledger: All the Elk tannery company's plants—which are the tanneries at Philipsburg, Clearfield, Curwensville, Ridgway, Johnsonburg, Irvona, Instanter and Johnstown—are to shut down for an indefinite period, which will throw hundreds of employes and indirectly hundreds of others out of employment. The cause of suspension is over production and no demand for leather, as the great shoe factories, mills, etc., are idle.

CHILD BIRTH . . . MADE EASY!

"MOTHERS' FRIEND" is a scientifically prepared Liniment, every ingredient of recognized value and in constant use by the medical profession. These ingredients are combined in a manner hitherto unknown

"MOTHERS' FRIEND"

WILL DO all that is claimed for it AND MORE. It Shortens Labor, Lessens Pain, Diminishes Danger to Life of Mother and Child. Book to "MOTHERS" mailed FREE, containing valuable information and voluntary testimonials.

The Gettysburg Battlefield.

Philadelphia, May 3.—The government took definite steps to day to preserve the Gettysburg battlefield, when District Attorney Ingram presented a petition to Judge Dallas in the United States circuit court asking for the condemnation of a strip of land in Cumberland township, Adams county, which is now in possession of the Gettysburg Electric Railroad company. The petition states that the company is engaged in building a trolley road which, if not interfered with will invade the historic battle ground. The defendants are required to file an answer by the 15th inst., when the matter will again come up.

Made a Narrow Escape.

Pittsburg, May 3.—James Jiles, a Central District Telephone company lineman, narrowly escaped electrocution at noon to day. While on a high pole the wire which he was tightening broke, the end falling across the network of wires below unconscious, where he hung, head down ward, in mid air. A fellow workman named Gordon climed the pole and carried Jiles to the ground, where he was restored to consciousness. Jiles was badly burned, extremely nervous, but will probably recover. That the escape from instant death is marvellous.

Coxey Paid a License.

Washington, May 3.—Coxey again paid $5 for a license to charge admission today to his camp. Coxey asked if the commissioners had his application for a free permit. He was informed that the commissioners had fully considered his request and had decided to refuse the application. Mr. Ross told him further that the commissioners would not grant the request as they considered that the location was an unhealthy one. The commissioners told Coxey that he would be held responsible for any violation of the health regulations and be subjected to arrest for maintaining a nusiance.

STRIKERS AHEAD YET.

Accessions Are Gained in Pennsylvania, Maryland and West Virginia.

Columbus, O., May 7.—The national coal strike is now entering upon the third week, and continued accessions to the ranks of the strikers are reported. Nowhere has the line shown any signs of weakening, and the officers of the miners still live in hopes of seeing an absolute suspension of work in the bituminous coal fields.

W. B. Wilson telegraphed from Frostburg, Md., to-day that 900 miners had stopped work at that place, and that a general mass meeting of miners of the State would be held to-morrow to vote on the question of a general suspension. Besides Mr. Wilson, Organizers Cameron, Miller and T. T. O'Malley are in Maryland, and it is believed they will be able to secure a general suspension.

T. W. Davis wired from Elk Garden, W. Va., that about 500 miners there had joined the strike and were being organized As this region is contiguous to Maryland and Pocahontas, Va., the action of the miners there will have a strong influence on the Maryland and Pocahontas miners.

Arkansas miners telegraphed today they would join the movement if they were allowed representation in the joint conference at Cleveland, and President McBride wired them to come on. The indications are that the conference at Cleveland will be one of the largest gatherings of the kind ever held. Fully 600 miners and operators will be present.

Reports to the miners' headquarters in this city indicate that the visible supply of coal is fast disappearing, factories are closing down in all parts of the country and fancy prices are being asked for coal. Some Pittsburg coal operators are said to be paying $1.75 a ton for coal on board cars at the mines in the Pocahontas mines which, before the strike, sold as low as 55 cents.

H. A. Bishop, statistician of the Chicago Board of Trade, was here yesterday and stated there is not a pound of surplus coal in Chicago. The Ohio coal operators will hold a preliminary conference in this city Thursday.

They Are Not Authorized.

Philadelphia, May 7.—The Supreme Court to-day in an opinion by Justice Williams, decided that there is no legislation in Pennsylvania authorizing the construction of an elevated railroad. The decision rules that the law regarding railroad charters is not such a one as gives to an "L" road that right of eminent domain by which it can occupy streets already occupied by passenger railways. The case upon which the decision was rendered was that of Charles W. Potts, against the Quaker City Elevated Railroad Company, of Philadelphia.

The opinion affirms the judgment of the Philadelphia Court of Common Pleas and reverses that rendered by the Dauphin County Court in the Philadelphia and Northeastern Elevated Railroad case.

A Plucky Woman.

Milton, May 7.—There was a small blaze at the machine shop af A. B. Ethinger & Company (limited), on South Front street, about 4 o'clock this afternoon. The roofs of the buildings of this company have patent covering of tar paper and pebbles, which it is said cannot be made to burn, and which was tested under direction of the borough council.

The blaze originated in the vicinity of the smoke stack and burned quite fiercely. The patent roof did not seem to burn, but it was the boards beneath it which caused the trouble. The flames were first discovered by Mrs. Cohler, who sounded the alarm. Not content with this she secured several sections of garden hose, climbed to the roof of the machine shop and extinguished the flames before the fire company reached the scene.

Useful Accomplishments.

The girl who grows up able to warble high c, but ignorant of the ingredients necessary to compound a prescription for hash is liable to learn that hash is called for by more voices than operatic songs. Accomplishments make a good veneer if there is a practical training to pin them on. The girl who paints blue cats on a piece of velvet and who cannot work a button hole is as of little use in the world as the blue cat she paints.—Bradford Era.

Let Coxey and His Tramps Alone.

The crusade of the Coxey tramps and cranks upon Washington has logically resulted in a camp of several hundred idlers and vagrants who have settled down to forage upon the capital city. As a polttical effort to influence national legislation it has entirely perished, and the whole purpose of the movement is clearly exhibited by the fact that it is now run as a circus in the hope of taking in sufficient gate money from day to day to feed its idlers indefinitely.

The way to dispose of the Coxey tramps is simply to let them alone. If severely let alone by the newspaper press and by the citizens of Washington they would very soon disintegrate simply because their supplies would be exhausted, One by one or in squads they would desert the starving camp and take to the roads as part of the general army of common tramps throughout the land; but if their circus shall be advertised from day to day by sensational reports in newspapers the novelty will be maintained. Visitors to the capital will contribute to their support in the shape of admission fees, and they will get on swimmingly for a season chiefly by free advertising given by the newspapers and the police officials of Washington.

The whole movement has degenerated down to a mere effort to live in idleness at the expense of the public, and the contributions are expected to be obtained from continued sensationalism, Coxey has logically come to a mere circus exhibition, and if the newspapers and public will simply let him alone severely his mission must be speedily ended, and his small army of tramps scattered throughout the land. Let Coxey and his cranks alone.

How's This!

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. Cheney & Co., Toledo O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c. per bottle. Sold by all Druggists.

$1,000 For "Ed" Stokes.

The Sheriff's jury in the Stokes suit brought in a verdict last evening of $1,000 for the plaintiff, E. S. Stokes. This was considered as practically a victory for W. E. D. Stokes, as the damages asked for the alleged libelous letters were $250,000.

Before the summing up ex-Congressman J. J. Adams, for the plaintiff, offered in evidence the pardon signed by Grover Cleveland when Governor, which was received by E. S. Stokes some time after he was released from prison in 1877.

In the summing up Gen. Tracy said that he thought 6 cents would fully compensate the plaintiff for any damages he might have sustained. Mr. Choate pleaded for the full amount of damages asked. Sheriff Sexton declined to charge the jury which, after only a half hour's deliberation, decided that E. S. Stokes had been injured to the extent of $1,000.

Gen. Tracy said this morning that Mr. W. E. D. Stokes was satisfied with the verdict and had given no consideration to the question whether an appeal should be taken.

Ripans Tabules cure dyspepsia.

Almost Blind

Inflamed Eyes and Running Sores

The Success of Hood's Causes Great Rejoicing—A Perfect Cure.

Miss Cora B. Ebert
Barnesville, Pa.

"C. I. Hood & Co., Lowell, Mass.:

"I feel it a duty to state what Hood's Sarsaparilla has done for me. I was almost blind, being compelled to stay in a darkened room on account of inflammation of the eyes. I also suffered with running sores on my body. I was in terrible condition. My mother tried every thing she knew about and I was attended by two doctors but without helping me. Finally Hood's Sarsaparilla was recommended and I had not taken two bottles before I began to get better. The inflammation left my eyes and the sores healed, and the result was that

I Became Stronger,

and was restored to perfect health. At that time I was only twelve years old; now I am nineteen and I have not since been troubled with my eyes or noticed any sign of a return of the sores on my body. I can recommend Hood's Sarsaparilla as an excellent blood purifying medicine." MISS CORA EBERT, Barnesville, Pa.

Hood's Sarsaparilla Cures

Hood's Pills act easily, yet promptly and efficiently, on the liver and bowels. 25c.

THEY MUST BE SCATTERED.

The Coxey in Washington is Rapidly increasing in Number—Tramps Are Joining Them.

Washington, May 7.—The Washington News this evening says: It is about settled that the handful of idle men now in camp here must be scattered or there will be trouble later. The handful is growing rapidly. No other "army" has joined the Coxey band now here, but it has received stragglers until the 326 men Coxey had on Tuesday last was 529 this morning, and by to morrow night will be fully 700.

Tramps are coming into the city by twos and threes at great rates. The policemen on suburban posts report almost hourly of the passing cityward of little knots of genuine hobos, who are inquiring for the Coxey camp.

General Galvin's men got here from Pittsburg this morning and went straight to the White House. They demanded admittance, but, as their bearing and appearance so clearly betokened their bad character, they were refused and made to go away. They said their "army" would be here in a few days. They have come on in advance.

The commissioners realize the necessity of doing something. Various schemes were taken under consideration, the best and most feasible being to have the camp lot. If they will not go the police will move them. They will not be allowed to open another camp in the district. Orders will be given the police to strictly enforce the vagrancy laws, and any one found begging will be arrested and sent to the workhouse.

Conjugal Wisdom.

"She who ne'er answers till her husband cools,
Or if she rules him, never shows she rules"—

Is a type of wife happily becoming common in these days when women may have good health, cheerful disposition, strong nerves and clear minds, simply through the use of Dr Pierce's Favorite Prescription. Before the reputation and use of this remedy became world-wide, irritable, cross, nervous, debilitated women, suffering with displacements, hysteria, and every female and disease were the rule rather than the exception. The "Favorite Prescription" has proven to be the key which effectually locks out that old array of uterine disorders, periodical pains, weak back, prolapsus, inflamation, ulceration nervous exhaustion and genaral debility. Money refunded if it does not give satisfaction in every case.

With the Students.

Monday afternoon's rhetorical exercises at the High School were as follows:

Song, "Oh, come along with cheerful song," by the school.

Essay, "Laws," Mamie Bell.
Essay, "Sylla and Marius," Katie Benner.
Recitation, Nellie Anderson.
Recitation, Freda Baum.
Essay, "Dress," Lizzie Smith.
Essay, "Gambling," Isabella Taylor.
Essay, "Happiness," Louisa Kellerman.
Essay, "Music," Gertie Dolan.

Special mention is due Morton Smith for his fine rendering.

If You Wish

To enjoy good health, and prevent the seeds of disease from ripening in your system, you should use the best medicine in world, Sulphur Bitters, which will prevent your system from being all run down by making it strong and vigorous.—Rev. W. R. Snow.

Shooting Affray at Salona.

A lot of Italians who have been living near Salona since the work on the Nittany Valley railroad was completed, got into a fight yesterday. The Italians, it is stated, were pretty well filled up with beer when the fracas occurred. One of the men had a revolver in his pocket and used the weapon effectively against another of his countrymen. Six shots were fired, three of which took effect. The name of the injured man was not learned. He was taken to Salona, where a doctor found that the wounded Italian had received three bad wounds. He was shot through the hand, another bullet struck him in the wrist and a third one entered his arm near the elbow. The latter could not be located by probing. The man who did the shooting left the place at once and has not since been seen. The Italians live in a "dug out" and the citizens of Salona would be glad to get rid of them.

"After suffering with dyspepsia, I took Hood's Sarsaparilla until I gained appetite and strength." MRS. C. R. EVANS, Media, Pa.

Was Born in Curwensville.

It is not generally known hereabouts that John Patton, Jr., the gentleman who was appointed by Governor Rich, of Michigan, to succeed F. B. Stockbridge, as United States Senator, is a son of Hon. John Patton, of Curwensville. The new senator was born in Curwensville, October 30, 1850. He prepared for college at Andover, Mass., and graduated at Yale college with the class of '72, afterward taking a course at Columbia law school, New York, from which he graduated in 1877. The following year he went to Grand Rapids, and has since resided there, engaged in practicing law.

Luxury in Travel.

The North-Western Line, embracing nearly 8,000 miles of standard railway, has long been known as one of the most progressive railways in the west, and it certainly merits this distinction. as we can testify from an extended trip recently made over a major portion of its lines. One of the handsomest trains we have ever traveled in (and nobody could wish for finer service) is the "North-Western Limited," leaving Chicago at 6:30 P. M. daily for St Paul, Minneapolis and Duluth. It is vestibuled throughout and lighted with gas and has been justly described as the most complete and elegant train in the west, the Hon. T. B. Bryan, vice president of the Worlds Fair Commission referring to it as "the finest on wheels. One has but to glance at the rich upholstering, tapestry, ornaments and carvings to confirm the fact that the highest degree of the carbuilders art has been employed in the construction of the handsome eqipment of this North-Western flyer. The coaches, library cars, the 16-section palace sleeping cars and the compartment sleeping cars, each compartment being supplied with hot and cold water and lavatory, certainly seem to preclude the possibility of further improvement in making travel a luxury. Supper is served in the elegant dining car, and the buffet-library car is well stocked with reading material, metropolitan dailies magazines and leading pictorial publications for the evening's entertainment. The managment of the Chicago & North-Western R'y believes that perfect service is the strongest possible advertisement for securing passenger traffic, and we are told by one of its officials that its train service and accommodations are always carefully planned with this end in view. The results are so satisfactory that a person who once goes over the line generally selects it whenever and wherever he goes.

For The Multitude.

Many great blessings of the world can only be had by the few, but here is one for the benefit of all, and absolutely free of charge. Nothing is of more importance to us than our health. It has, until recently, been impossible for the poor, or those living far from large cities, to obtain the best medical advice except at great expense. But now comes forward one of our greatest and most successful specialists in curing nervous and chronic diseases and offers to every one, far and near, the privilege of consulting him by letter, without charge. This is none other than the well-known Dr. Greene, of 35 West 14th Street, New York, the discoverer of that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy.

You who have sought in vain to learn what you are suffering from, or to obtain help, write him a description of your complaint, and he will return you a letter stating exactly what your disease is, and thoroughly describing each symptom, so that you can clearly understand just what ails you. And all this is entirely free of expense to you. The doctor gives most careful and explicit attention to all letters, and is having wonderful success in treating disease through his system of letter correspondence, using as he does, nothing but harmless vegetable remedies in his practice. Write the doctor all about your complaint. It is the surest way to regain your health.

Did He Kill His Children?

Wilkesbarre, Pa., May 8.—Harry Rogers, a night watchman well known, went to his home at 11:30 o'clock to-night and fired three shots at his wife. She managed to escape from the house uninjured and came to this city for the police, leaving two little children in the house. She was accompanid to her residence, which is two mile away from this city, by two officers who arrested him and brought him to prison at 1 o'clock this morning. No examination has been made as yet of the house by the officers and it is not known whether the children were hurt or not. Shots were heard in the house during his wife's absence and it is feared that they were directed at the children. At this writing the officers have returned to the house to make a further investigation.

Got The Mitten every Time.

"I can marry any girl I please," was his exclamation, but unfortunately then he did not *please any*; and there was a plain reason for it. He had contracted catarrh of the worst form, and, although a wealthy educated, attractive person every other way, he was positively repulsive to his lady friends, a number of whom rejected his offers of marriage. A friend advised him to use Dr. Sage's Catarrh Remedy. He took his advice, and now is the most popular beau in town, and he really can "marry any girl he pleases" to ask. It made his breath pure and sweet, he has no head-ache, no offensive discharges from the nose, in short, is in perfect health, and all from using a few bottles of Dr. Sage's Catarrh Remedy.

The foreign policy of the United States receives special attention in the department "Progress of the world" of the Review of Reviews for May. The advantages to be derived by our people from the Nicaragua Canal, from our commercial position in the Pacific, and from using Pearl Harbor as a naval repair and coaling station are clearly outlined. The part played by the British Bermudas as a base of operations against the United States during the Civil War is recalled as an object lesson to those statesmen who seem over-fearful of any policy looking toward the annexation of Hawaii.

Sure Cure for Sprain, Bruise or Hurt!

Use ST. JACOBS OIL

You'll Use it Always for a Like Mishap.

—RULES—
OF THE
BOARD OF HEALTH
OF THE
Borough of Bellefonte, Pa

OFFICERS AND MEMBERS:
COL. WILLIAM SHORTLIDGE, President.
H. C. QUIGLEY, Secretary.
GEORGE F. HARRIS, M. D.,
R. G. H. HAYES, M. D.,
J. L. SEIBERT, M. D.,
WILBUR F. REEDER, ESQ.

1 The Board shall be organized at the first meeting in each and every year, by the election of a President and a Secretary, to serve for the current year.

2 The Board shall hold stated meetings on the first Monday of every month at 7:30 o'clock from 1st of October to 1st of April, and at 8 o'clock from 1st of April to 1st of October and it may hold special meetings when convened by order of the President, or at the call of any two of its members.

THE PRESIDENT.

1 The President shall preside at the meetings of the Board, preserve order and decorum, and appoint the members of committees, unless otherwise directed.

2 In the absence of the President, a chairman of the meeting shall be appointed.

THE SECRETARY.

1 The Secretary shall keep accurate minutes of the proceedings of the Board, and conduct such correspondence as the Board may direct and approve.

2 The Secretary shall keep a cash book, in which entries shall be made of the receipts as they occur, and pay over to the Board monthly all moneys received by him.

3 He shall furnish the Board, at its first meeting in every month, a detailed statement of the receipts of the office during the preceding month.

4 He shall, whenever any bill is referred to him for collection, enter the same, together with a full description of the claim upon which the said bill is founded, upon a docket kept for that especial purpose, and note opposite to the said entry such action as may be taken, from time to time, in relation thereto.

5 He shall, at the expiration of four months after date of said bills, turn over to the Borough Solicitor for lien, all claims remaining unpaid, and furnish the Board with a transcript of the same.

6 He shall, in all business referred to him, and requiring legal proceedings, prosecute the same, but take such proceedings only in conjunction with the Borough Solicitor.

7 He shall, whenever this Board directs a nuisance to be removed under his supervision, abstain from employing any person who is, or may be, under prosecution for any violation of the health laws. The same prohibition is hereby extended to any other agent of the Board to whom such duty may be assigned.

8 He shall award all contracts for abating nuisances within twenty-four (24) hours after the order of the Board has been placed in his hands, and shall impose a condition in said contracts that the work must be commenced within forty-eight (48) hours after acceptance, and prosecuted continuously to completion.

9 He shall keep a book, in which he shall record all cases of contagious or infectious diseases reported to the office, with the date of the report, the location and name of the patient, the disease under which he labors, and the name of the physician in attendance. He shall have the general superintendence of the registration department.

10 He shall also keep copies of all agreements and letters made or written by order of the Board, and of such other documents as the Board may direct.

11 He shall notify the chairman of all committees of the business referred to them by the Board. He shall also notify all elected officers of their election.

12 He shall grant licenses to competent persons to clean privies, under the rules of the Board, when so directed, and for each license he shall receive the sum of one dollar, and he shall renew the said license from time to time, as the Board may direct, upon the payment of the like sum.

13 He shall place in the hands of the High Constable for execution all orders to abate nuisances, where the owners or agents have failed to comply with the notice of the Board, providing the cost of removing said nuisance shall not exceed the sum of five dollars.

14 He shall have the entire superintendence of the office, answer all questions appertaining to the business of the Board and office, and furnish the Board with a list of such supplies as may be needed.

15 It shall be his duty to issue permits to clean privy-wells, in accordance with the Act of April 3, 1851, and the rules of the Board relating thereto.

16 He shall issue permits for the removal of dead bodies from one cemetery to another, or from one grave or vault to another in the same cemetery, within the bounds of the borough, quarantine seasons excepted, unless by special order of the Board. In all cases, before issuing a permit, he shall require a certificate containing the name, age, cause of death, and date of death of the deceased.

17 He shall keep a record of all moneys received by him in his official capacity, in a book provided for that purpose, and report the same to the Board.

18 He shall receive all complaints of nuisances, having the name and residence of the complainant thereto attached and place them in the hands of the High Constable for examination. He shall record the same, when returned by the High Constable, in a book kept for the purpose, specifying the date, the location, the character of the nuisance, and make out a duplicate notice of that served upon the owner or agent. He shall submit to the Board, at each stated meeting, for confirmation or otherwise, the action of the High Constable upon complaints of nuisances and shall report any neglect of duty upon the part of the High Constable in making his examinations and returns. He shall notify committees and witnesses to attend meetings, whenever so directed by the chairman thereof. He shall append to all notices for removing nuisances that part of the law imposing a penalty for neglect or refusal to remove such nuisances.

19 He shall have the entire charge of all books and papers belonging to the Board; shall see that all entries are accurately made, and the books kept in good order and condition.

20 He shall examine carefully the returns of contagious diseases, and should any omissions or errors occur therein, it shall be his duty to notify the parties making said returns to make the necessary corrections, and any neglect or refusal on their part shall be reported to the Board.

21 He shall keep, in a book provided for the purpose, record of the names and residences of physicians, clergymen, justices of the peace, sextons, undertakers and others required by law to make returns to the Health Officer; and should any person or persons so required, when notified, neglect or refuse to call at the office and record their names and residences, he shall report the fact to the Board in writing.

22 He shall fill up all permits for the removal of dead bodies from the borough for interment, having first obtained the certificate of the attending physician, accompanied by that of the undertaker, together with the approval of the Secretary, one of whose signatures shall in all cases be appended thereto.

23 He shall at all times during office hours give to lawyers, physicians and clergymen access to the registration books, and allow them to take notes of the contents; and to all other persons desirous of examining into the merits of the system, he shall furnish every necessary facility.

24 For all permits to remove dead bodies from the borough for interment, and for all certified transcripts from the registration record, there shall be a charge demanded of fifty cents, to be paid over to the Secretary.

ELECTIVE OFFICERS.

1 At the first stated meeting of each year, there shall be elected one physician, who shall serve as Inspector, and Vaccine Physician; and who shall enter on his duties immediately thereafter, and continue in office until discharged by action of the Board, or another elected in his stead.

COMMITTEES.

1 The following standing committees shall be appointed annually, at the first meeting after the organization of the Board:

1 A Sanitary Committee, consisting of three members.

2 A Committee of Accounts, consisting of two members.

SANITARY COMMITTEE.

1 The functions of the Sanitary Committee shall be equivalent to that of the Health Officer.

2 The Sanitary committee shall be entrusted, subject to the general superintendence, orders and by-laws of the Board, with the exercise and performance of those powers and duties vested by law in the Board of Health, so far as relates to the prevention and spread of contagious diseases, and likewise with the management of such hospitals for contagious diseases as the Board shall at any time order to be opened.

Provided, That no important addition, alteration, or improvement be undertaken in relation to the same without the sanction of the Board.

3 The said committee shall hold stated meetings at least once every month and special meetings upon the call of the Chairman, or any two members thereof.

4 At the first stated meeting subsequent to their appointment, the committee shall elect from among themselves a Secretary, who shall keep in a book provided for that purpose, fair minutes of all their proceedings.

5 The committee shall cause every reported case of malignant or contagious diseases existing within the limits of the jurisdiction of the Board of Health to be visited without delay, and shall be authorized to take such other measures in relation thereto as a majority of the members shall deem proper.

6 Whenever a report shall be received that a case of any malignant or contagious disease has occurred within the limits of the jurisdiction of the Board of Health, the Secretary of the Board shall forthwith give notice thereof to the Sanitary Committee.

7 When necessary, the Board shall appoint one or more physicians to perform the duties specified in the preceding section, and shall determine the compensation to be paid for the services of the same.

8 Whenever the Board, upon representation from the Sanitary committee, shall determine it to be expedient to provide and hold in readiness one or more hospitals for contagious diseases, temporary or permanent, the committee shall select the location of the same, secure the services of competent nurses, and otherwise put those establishments in condition to be opened with the least delay possible for the reception of patients, while the Board shall appoint one or more physicians to attend the sick, and shall determine the compensation to be paid to them, as also to the nurses for their services.

9 As soon as practicable after the Board has determined to provide such a hospital, the Sanitary Committee shall arrange and submit to the Board for its approbation, a plan of hospital operations, so that everything may be conducted economically and efficiently from the day the hospital shall be opened.

10 All requisitions for medicines and hospital supplies shall be made in writing, upon the chairman of the committee, by the physician in attendance, and for all other articles necessary for the proper management of these hospitals a requisition in writing must be made by the Steward.

11 No patient shall be admitted into such hospitals excepting upon an order signed by a member of the Sanitary Committee. The rate of board to be paid by the patients shall be fixed by the Sanitary Committee.

COMMITTEE ON ACCOUNTS.

1 All bills, being first certified as correct by a majority of the committee by whose order the bill was incurred, shall be presented to the Board, and by it referred for examination to the Committee on Accounts, previously to an order being passed for their payment.

REMOVAL OF NUISANCES.

1 Whenever the cost of removing a nuisance reported upon shall exceed five dollars, the case shall be referred back to the High Constable, who shall report to this Board at the earliest practicable moment the character of said nuisance and the probable cost of removing it; upon which report the Board shall take action and instruct the High Constable in regard to the same.

2 When the cost of removing any nuisance (privy-well excepted) shall exceed the sum of five dollars, the Secretary shall invite proposals, and the bids shall be opened in the presence of the Board, and awarded to the to the lowest bidder.

3 The contractor shall strictly adhere to the stipulations and terms of the contract. No extra allowances will be granted upon bills for work done, or materials furnished, unless specially ordered by the Board.

4 The contractor shall not proceed in executing his contract if he shall find that the owners have in the meantime commenced operations, or partly abated the nuisance. He shall notify the Secretary of the fact, and await further orders.

5 The contractor shall strictly conform to the lines and levels furnished by the Surveyor appointed by the Board, for grading, paving and laying drain pipe.

6 All bills submitted to the Board for removing nuisances, not exceeding five dollars, shall be itemized and a charge made for each separate item. A charge shall be made for every incidental expense incurred. The Surveyor shall furnish the Board with bills as per measurements for all contracts wherein he is required to give the lines and levels, and make out bills divided proportionately against the properties chargeable with the cost of abating said nuisance.

7 In all cases, unless otherwise ordered, where nuisances are directed to be removed forthwith, if the same are not removed within twenty-four hours, the High Constable is hereby directed to have the same done at the expense of the owner, etc.

8 In all cases of nuisances to be removed by the owners of property, who have been notified to that effect by this Board, it shall be understood, that should he or they commence the removal within the time prescribed in the notice, the Board will not interfere, providing the work is prosecuted without delay.

MISCELLANEOUS.

1 No communications shall be received by the Board from its officers or servants, or from any other person whatever, unless the same be in writing and directed to the Board, or through the President or Secretary thereof officially.

2 When any nuisance is referred to a committee, with power to act thereon, the said committee shall report in writing what action they have taken in relation thereto.

3 Police officers, constables, and watchmen are enjoined, and citizens are respectfully requested to give information to the Board of Health of any violation of the health laws, or of the rules and regulations of the Board, so that the sanitary measures adopted by the latter to ensure the cleanliness and health of the borough may be fully carried out, and all offenders promptly punished.

RULES OF ORDER.

The order of business shall be as follows:

1 A quorum being present, the President shall take the chair and call the Board to order.

2 The minutes of the last meeting shall be read, and, if necessary, corrected and adopted.

3 Communications may be presented and disposed of.

4 Reports of Committees may be made and considered.

5 Resolutions may be offered and discussed.

The Board shall be subject to the customs and usages governing parliamentary bodies.

No amendments or change shall be made in these Rules except a notice thereof in writing shall have been given at a previous meeting.

Approved, April 16th, 1894.
JOHN C. MILLER,
President of Town Council.
ATTEST: ISAAC MITCHELL, Clerk.
Approved, May 2nd, 1894.
W. E. GRAY, Burgess.

$75.00 A WEEK paid to ladies and gents to sell the Rapid Dish Washer. Washes and dries them in two minutes without wetting the hands. No experience necessary; sells at sight; permanent position. Address W. P. HARRISON & Co., Clerk No. 14, Columbus, Ohio. d28-1w

For sick stomach and all other conditions resulting from constipation; go by the book on Beecham's pills.

Book free, pills 25c. At drugstores; or write to B F Allen Co, 365 Canal st, New York.

WHAT WAS DONE IN COUNSEL.

Considerable Minor Business Transacted. Bills Approved.

Council convened Monday evening at a quarter of eight o'clock. President Miller was in the chair and every member present except General Beaver, who was out of town. The council was called to order by the President and clerk Isaac Mitchell read the minutes of the previous session, also of the special session held on Thursday evening last, which were approved as read.

W. Keeler was present and asked exoneration of taxes, he not being able to make a living.

Messrs. Isaac Miller, Thomas Faxon and Martin Cooney, of East High street, were present and asked that the water be extended out that thoroughfare.

The Street committee reported the crossing put across Penn on south side of East High street, cleaned pavements, etc.

The Water committee reported a number of repairs and connections made.

The chairman of the Fire and Police committee found fault with the police allowing so many drunken people on the streets; they should be arrested and jugged.

The Market committee reported market opened last Saturday.

The Nuisance committee reported several nuisances abated and one or two more still in existence.

The Finance committee reported a balance due the treasurer of $5,356.01.

The matter of the back water rent claimed by the borough from McCalmont & Co., was taken up and after due consideration and discussion it was amended as to time, from five years to three years, or thirty dollars. The clerk was instructed to make out a bill for same and give to the borough solicitor for collection.

The application of Mr. Keeler for exoneration of taxes was referred to the Finance committee.

The application of citizens on East High street for water, on motion of Member Garman, was granted, the pipe to be laid under the direction of the Water committee.

The Street committee were authorized to invite proposals for the grading of Curtin street at its intersection with Allegheny street.

President Miller asked that council direct the Street committee to give Col. W. Fred Reynolds a grade at Lamb and Spring streets as he is desirous of commencing operations on the erection of the new armory. Member Brockerhoff stated that he had been requested by members of the Bellefonte Gas Company to ask a postponement of the consideration of this question until the 21st. On motion of Mr. Hillibish, the matter was postponed until that date, providing the gas company could not hold a directors meeting at an earlier date:

With the approval of the following bills council adjourned:

Street Pay Roll	$56.03
Water Pay Roll	75.73
Chas. and Jerry Shearer	1.40
J. Thomas Mitchell, copying	30.00
W. L. Libbie & Co., trees	31.45
Electric Light Co., lockup	4.70
J. H. Wetzel, surveying	13.00
Edison Electric Light Co., streets	269.50
Police Pay Roll	35.00
Isaac Mitchell, clerk & stationery	14.00
Bfte Fuel & Supply Co.	3.00
" " " coal & oil,	68.73
Phœnix Plaining Mill lumber	5.13
D. M. Butts, surveying	7.25
E. J. Shrom	2.00
M. Berger, burying animals	3.70
Total amount	$620.62

Stage Love Making.

The equisite lithograph of Miss Coombs in Romeo and Juliet on exhibition at *Parrishs Drug Store* reminds one of the manner in which Reynolds, the English actor discharges the duty of kissing in Henry V. Reynold's kiss was linked sweetness so long drawn out that when he began the sporting gentlemen in the front rows of the Theatre would regularly take out their watches to time him to see if he would break his previous records. When he first appeared in Philadelphia he created such a sensation, "that the gallery howled and the orchestra chairs fainted." The manager rushed behind the scenes and asked him what he meant by such a performance? Instead of modifying the kiss, however, he intensified it until every thing else was forgotten in the wild, delicious expectancy with which the audience waited for that kiss.

For the Fourth of July.

The Young Men's Christian Association has engaged Hunter's Park for the Fourth of July and intend giving Bellefonters a feast of amusements on that day. The project is only budding so that as yet there is no full program of what will be had in the way of amusements, but among others there will be a game of base ball, between two good teams, bycycle racing for prizes, sack racing, tub racing and various other outdoor amusements. The railroad company will begin at once to put the bicycle track in good condition for racing so that by the Fourth everything will be in good shape. Medals and prizes will be awarded for the best of everything. Good music will be on the ground. Everybody is invited to make up their minds to spend the Fourth at Hunter's Park.

FAIR AND CLEAR

—that's the way your skin will be, if you'll take Dr. Pierce's Golden Medical Discovery. Pimples, blotches, eruptions, and humors are utterly banished by this medicine. It takes away, more thoroughly and certainly than anything else, the blood poisons or impurities that cause them.

For every Skin, Scalp, and Scrofulous affection, no matter how it came, the "Discovery" is a direct remedy. It cleanses, builds up, strengthens, and invigorates every part of the system. Eczema, Erysipelas, Salt-rheum, Tetter, Boils, Carbuncles, Enlarged Glands, and the worst Scrofulous Sores and Swellings are completely and permanently cured by it.

Unlike ordinary spring medicines, the "Discovery" works equally well at all seasons.

Practically, it's sold *on trial*. If it ever fails to benefit or cure, you have your money back. You pay only for the *good* you get.

No cheap substitute, urged by a tricky dealer, though it may be better for him to *sell*, can be "just as good" for you to *buy*.

It Supports all Claims.

One of the most remarkable cases brought to the notice of the public is that of Mr. J. S. Beach, of Stone Ridge, N. Y., who for years suffered from stone in the kidney.

Early in August, he was induced to try Dr. David Kennedy's Favorite Remedy. By the 15th of September he voided a good sized stone, and he has been a well man since. Dr. David Kennedy's Favorite Remedy is not a mere soother of pain, but by its alterative action, purifies the blood, dissolves and causes the expulsion of gravel and stone from the kidneys and bladder. The testimony of hundreds vouches for this. It will build up a system run down by overwork. All druggists sell it.

Bellefonte May Go Dry.

The coal miner's strike is assuming a more serious aspect every day. From all over the country come reports of large and small industries compelled to shut down because of the lack of coal and coke. And now in Bellefonte, according to the present aspect of affairs, unless coal can be obtained somewhere before long, the water works will have to be closed down as the supply now on hand will not run many weeks more. And then will Bellefonters truly realize the misfortune of an upheaval between labor and capital, for with the pumps at the big spring shut down, the big spring shut down, the predicament would be a most perplexing one. It is to be hoped, however, that such a state of affairs may not arrive.

They Banquetted.

On Friday evening after the High School Junior Oratorical contest an informal class banquet was held at Ceader's restaurant. Those present were the members of the class, namely, Misses Della Goodfellow, Lena Baum, Mollie Crotty, Mary Underwood, Frances Elmore, Harriet Stott, Katherine Heylmun, and Messrs. Gray Hastings, Will McCalmont and Charles McClure. The guests present were the teachers, Miss Laura Wright and Prof. Ammerman, and Paul Fortney, Fred Blair, Rufus Strohm and Paul Shaeffer.

Epworth League Anniversary.

Next Sunday the Epworth League of Bellefonte will celebrate the fifth anniversary of its organization with fitting and appropriate services in the M. E. church. The celebration will be held in the evening at 7.30 o'clock and, in consequence thereof, there will be no preaching at that hour. A very elaborate program of services are in course of preparation and the event promises to be one of interest as well as benefit.

A Romance in a Nutshell.

She went to a ball; wore too thin clothing; caught cold; was very ill for many days; a devoted admirer brought a remedy, when her life seemed to hang by a thread; she took it; recovered, and, finally, married the man who had saved her life. And the remedy he brought her was Dr. Pierce's Golden Medical Discovery, which is a certain cure for all throat and lung diseases and scrofulous complaints, of which consumption is one.

Assaulted a Child.

Monday evening a fourteen-year-old boy, whose name we have not been able to learn, was brought to Bellefonte from Snow Shoe and committed to jail on the serious charge of criminally assaulting a four-year-old girl. The young man has certainly gotten himself into a very bad scrape and may have to serve a several years' term in the penitentiary before he again sees his native heath.

LETTER LIST

Following are the letters uncalled for in the post-office, Bellefonte, Pa., May 7, 1894.

Meda Bradley, John Detrick, Melina Fink, L. B. Frank, Ambrose Rice (2) A. D. Thompson, A. G. Wolf.

When called for please say advertised

DAVID F. FORTNEY P. M.

Drowned Near Philipsburg.

William Ivison, an Englishman, was drowned while bathing in Muddy run near Philipsburg, Thursday evening. His parents in England recently had written to him to come home. He was 28 years old, and had been in this country since last November.

THE TOP NOTCH REACHED.

A Remarkable War Souvenir offered Absolutely Free—Read This Carefully.

The top notch of enterprise and liberality has been reached by The Pittsburgh Times, which announces that every one of its sixty thousand subscribers, and all who will become regular readers before Saturday, May 12th, will be presented with the First Part of the most remarkable Art Portfolio of the year. The work referred to is "Frank Leslie's Scenes and Portraits of the Civil War," which will furnish a complete and authentic history of the conflict between the States in pictures drawn on the spot and in descriptive prose. The First Part will be delivered free to all readers of The Pittsburg Times in exchange for the first six coupons, and the other twenty-nine parts will be furnished in exchange for six coupons clipped from The Times and ten cents for each part.

There will be thirty parts, tweny six of which will be devoted to illustrations and four to reading matter. Each of the first twenty-six parts will contain sixteen illustrations, making a total of four hundred and sixteen in the complete volume. Short descriptions will accompany the pictures in each part. The pictures were made on the scene of battle by the most famous artist of the time, and can therefore be relied upon as absolutely accurate. The work will be a supplement to every written history, portraying as it does the striking incidents of battle, and giving the likeness of the leaders whose names were on every lip in the days of strife. Here the veterans will find the past recalled, and here the young may gain inspiration to emulate their patriotism and devotion.

The Pittsburg Times deserves thanks for placing this splendid history within the reach of the people at nominal cost, and its proposed free distribution of the First Part to all its readers is generosity without a parallel. If you are not a reader of The Times, order it from your news agent at once. If there is no agent for The Times in your locality, write to The Times, Pittsburgh, Pa., for terms to clubs and agents.

Tired, Weak, Nervous,

Means impure blood, and overwork or too much strain on brain or body. The only way to cure is to feed the nerves on pure blood. Thousands of people certify that the best blood purifier, the best nerve tonic and strength builder is Hood's Sarsaparilla. What it has done for others it will also do for you—Hood's cures.

Nervousness, loss of sleep, loss of appetite and general debility all disappear when Hood's Sarsaparilla is persistently taken, and strong nerves, sweet sleep strong body, sharp appetite, and in a word health and happiness follow the use of Hood's Sarsaparilla.

The strong point about Hood's Sarsaparilla is that they are permanent, because they start from the solid foundation of purified, vitalized and enriched blood.

People Who Make History.

The people who make history, who achieve success or make their mark in any line are the people in whom every one is interested; and when we are interested in people it is an immense satisfaction if we can know just how they look. The unique feature recently introduced in Demorest's Family Magazine is in touch with this universal desire; every month two pages are devoted to superb half-tone portraits, quite equal to photos, and about cabinet size, of celebrities of every class and all eras, which are printed so they may be removed from the magazine without mutilating it, and arranged in an album especially designed to accommodate them. Everyone thus has an exceptional opportunity for indulging in the fashionable fad of collecting portraits, and can make during the year, at a minimum expense and with no trouble, collection that would cost at least $100 if photos were purchased. "A word to the wise is sufficient."

There are many equally attractive features in the May number of this always attractive magazine. Space will not permit an enumeration of the many good things in this number, which is a sample of what is given twelve times a year for only $2. Published by W. Jennings Demorest, 15 E. 14th St., New York.

Daniel Webster.

Said: "My opportunities in youth for acquiring an education were limited; but I had the great good fortune of being well supplied with useful books, and these gave me my success in life." He canvassed for books to pay his expenses at college. We would advise any young man out of employment, or ladies or others, with some spare time on their hands to write to P. W. Zeigler & Co., whose advertisement will be found in another column. The opportunity they offer is one that does not come every day. Success to the lucky applicant.

To My Friends.

As you are well aware that I would not recommend that which I did not believe to be good, I desire to say to all who need a good reliable medicine, that I believe one bottle of Sulphur Bitters will do you more good than any other remedy I ever saw.—Rev. Cephas Soule.

Cheap Excursions To The West.

An exceptionally favorable oppotrunity for visiting the richest and most productive sections of the west and northwest will be afforded by the Home-Seeker's low-rate excursions which have been arranged by the North-Western Line. Tickets for these excursions will be sold on May 8th and 29th, to points in northwestern Iowa, western Minnesota, North Dakota, South Dakota, Manitoba, Nebraska, Colorado, Wyoming, Utah, Montana and Idaho, and will be good for return passage within thirty days from date of sale. Stop-over privileges will be allowed on going trip in territory to which the tickets are sold. for further information, call on or address Ticket Agents of connecting lines. Circulars giving rates and detailed information will be mailed, free, upon application to W. A. Thrall, General Passenger and Ticket Agent, Chicago & North Western Railway, Chicago.

IN THE COKE REGION.

Serious Charges Being Made Against the Big Operators.

Connellsville, May 8.—The strike in the coke region has generated into secret attempts by the operators to start an open warfare with the strikers for a continuous shut down. The strikers have scored the most points to-day. Less than half the men at work yesterday are working today. The strikers posted notices on all the company houses in the vicinity of the Hill Farm this morning. The notices were headed with skull and cross bone, written in red ink and read:

"Death. All men who go to work at the Hill Farm plant prepare to meet your God!"

Only ten men went to work this morning. The company served notice that they would keep the furnace in blast at all hazards and that if the men did not go to work by to-morrow morning new men will be imported. The situation at Hill Farm is fast becoming critical.

The Frick company is making strenous efforts to start a few plants in full. With this end in view they are collecting men who are willing to work from all their plants, sending them to Valley, Southwest, Nos. 3 and 4, and united No. 2. As soon as these works are fired up others will be started on the same plan. By this plan the company broke the last strike and they expect it to be successful now. Less than 5,000 of the 17,000 coke ovens in the region are working to-day and furnace men are clamoring for coke at any price. The few men at work are loading coke that had been in the yards for months, and when this stock of coke is exhausted a coke famine will follow. After this week the strikers will be entitled to assistance from the National Miners' organization.

The Great Pennsylvania Reserves.

Among all the thousands of old soldiers who will come to Pittsburg in September, none will arouse more enthusiasm than he who will be the one great figure in all that gathering who never wore a uniform, the old war governor of Pennsylvania, Andrew G. Curtin. He was the great Pennsylvania Reserve. He stood at Lincoln's back in every emergency. He stood behind every soldier who went to the front from Pennsylvania, and pledged the honor of the State that neither he nor his children should be forgotten by the Commonwealth they defended. He is a majestic survival of that heroic age, when he was one of the mighty group of war governors who stood shoulder to shoulder for the Union, and felt the national government itself lean on them for support. He is one of the very few survivors, if not the only one, of that historic conference of loyal governors which met by his suggestion at Altoona, and took patriotic counsel of each other there upon the mountain top, in one of the darkest periods of the war.

Every old soldier knows the noble story of his work for them and for the orphan children of their dead comrades, and every blue cap will swing for him when the old boys catch sight of his white head in September.—Pittsburg *Times*.

History Of The world.

This is the title of a new book, just being published in Philadelphia, notice of which appears in another column. The subject is one of surpassing interest, and such a book should be found in every home. The public will be greatly interested in this fine addition to our literary resources. We are informed that the book is first class in every respect, the illustrations particularly, being marvels of artistic beauty, while their number is almost overwhelming. The agent securing territory for the book is to be congratulated, for he has a profiable business ahead of him.

DR. KILMER'S SWAMP-ROOT

THE GREAT KIDNEY, LIVER AND BLADDER CURE.

Biliousness

Headache, foul breath, sour stomach, heartburn, pain in chest, dyspepsia, constipation.

Poor Digestion

Distress after eating, pain and bloating in the stomach, shortness of breath, pain in the heart.

Loss of Appetite

A splendid feeling to-day and a depressed one to-morrow, nothing seems to taste good, tired, sleepless and all unstrung, weakness, debility. **Swamp-Root** builds up quickly a run down constitution and makes the weak strong.

At Druggists 50 cents and $1.00 size.

"Invalids' Guide to Health" free—Consultation free.

DR. KILMER & Co., BINGHAMTON, N. Y.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

UNITED HOSPITAL AND DISPENSARY, Boston, Mass.
ALLEN C. SMITH, *Pres.*,

The Centaur Company, 77 Murray Street, New York City.

"HE THAT WORKS EASILY, WORKS SUCCESSFULLY." CLEAN HOUSE WITH

SAPOLIO

Man's Inhumanity to Himself.

The most inhuman outrages, outrages which would disgrace the savage, man perpetrates upon his own system by swallowing drastic purgatives which convulse his stomach, agonize his intestines and weaken his system. Many people constantly do this under the impression that medicaments only which are violent in their action, and particularly cathartics, are of any avail. Irreparable injury to health is wrought under this mistaken idea. The laxative which most nearly approaches the benificent action of nature is Hostetter's Stomach Bitters, which is painless but thorough, and invigorates the intestinal canal instead of weakening and irritating it. The liver and the stomach share in the benign discipline instituted by this comprehensive medicine, whose healthful influence is felt throughout the system. Malarious rheumatic, kidney and nervous complaints succumb to it.

Death of Mrs. Duey.

On Tuesday Mrs. Duey, wife of Emanuel Duey, of Marion township, died after a brief illness, aged 89 years. The funeral will take place on Thursday morning at 10 o'clock, interment to be made at Zion.

ANNUAL COMMENCEMENT, JUNE 20TH.

Fall Term begins Sept. 13th.

For Catalogues address

THE REGISTRAR, Easton, Penna.

NOTICE OF APPEALS:—Annual Assessment Appeals for 1894. Notice is hereby given to the tax-payers of Centre county, that the County Commissioners will hear and determine appeals at the Commissioners' Office, at Bellefonte, Pa., for the respective districts, as follows:

Thursday, May 24th—Union, Burnside and Snow Shoe townships, and Unionville borough.

Friday, May 25th—Marion, Walker and Boggs townships and Milesburg borough.

Saturday, May 26th—Howard, Curtin and Liberty townships and Howard borough.

Monday, May 28th—Miles, Penn and Haines townships and Millheim borough.

Tuesday, May 29th—Potter and Gregg townships and Centre Hall borough.

Thursday, May 31st—Harris, College, Ferguson and Halfmoon townships.

Friday, June 1st—Rush, Taylor, Huston and Worth townships and Philipsburg and South Philipsburg boroughs.

Saturday, June, 2nd,—Benner, Patton and Spring Townships.

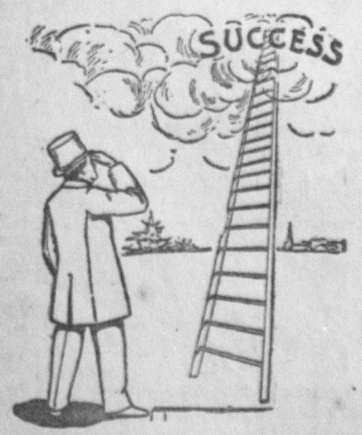
Monday, June, 4th—Bellefonte Borough.

The time for hearing appeals will be between the hours of Nine (9) o'clock, A. M. and Four, (4) o'clock, P. M. The assessors of the several districts will be present with the Board of Commissioners on the day of said appeal for their respective districts, as well as all persons who may feel themselves aggrieved. Assessors will bring all books and papers, they have to the appeal.

G. L. GOODHART
T. F. ADAMS.
J. P. STROHM,
County Commissioners

Attest:—
R. F. Hunter, Clerk.
Commissioners' Office, Bellefonte, Pa. May 2nd. 1894.

REACHING SUCCESS



Is easy in our business when we do it as we do by giving the people more for their money than any other house in the county. We sell the Finest Goods at the most reasonable prices and deal on the square with all our customers. We climb to the heights of success by giving patrons the very best goods to be had anywhere at the Lowest Prices consistent with supplying the best in the market.

New goods received every day. Come and see our stock, no trouble to entertain you, even if you do not buy. Call and see us. Eureka Grocery, High St., Bellefonte, next door to postoffice.

M. P. TUTEN, Proprietor.

LADIES can make $3 daily by folding and addressing circulars for us, at home. No canvassing. Position permanent. Reply with stamped envelope. MISS GRACE PAUL South Bend, Indiana. a30-3t.

THE GALLANT PENN. RESERVES.

Will Hold Their Eighth Annual Reunion on May 9th.

The Eighth Annual Reunion of the Fifth Regt., Pa. Res. Corps, will be held in Lewisburg Wednesday of next week May 9th.

The "Pennsylvania Reserve Corps" comprising thirteen regiments of infantry, one regiment of cavalry and one regiment of artillery, acquired that title through the wise forethought of Gov. A. G. Curtin, who asked the Legislature for authority to organize the Corps—this immediately after the first general call for troops had been filed. The Act providing for their organization designated them the "Reserve Corps of the Commonwealth." Almost immediately after being organized their services were required by the national government.

The Fifth Regiment was the thirty-fourth in line from this State, which furnished over two hundred regiments for the suppression of rebellion.

The companies comprising the Fifth were recruited in the counties of Centre, Lancaster, Huntingdon, Lycoming, Northumberland, Clearfield, Union and Bradford. The original field officers were: Colonel, John I. Gregg; Lieut. Col., Jos. W. Fisher; Major, Geo. Bare—all chosen on June 20, 1861. The following day Col. Gregg was appointed a Captain in the Sixth U. S. Cavalry, when he resigned his commission in this regiment, and Capt. Seneca G. Simmons, of the Seventh U. S. Infantry, a grand soldier of long experience, was chosen to succeed him.

Their first service was for the protection of the southern border of the State, this campaign taking them to Cumberland and New Creek, Md., where they rendered valuable service.

Shortly after the disastrous battle of Bull Run the entire Corps was called into the U. S. service, their first camping place being Tenallytown, near Washington.

Their record in the field and in brave defence of the flag and throttling of treason includes the battles of Mechanicsville, Gaines' Hill, Chas. City Cross Roads, Second Bull Run, South Mountain, Antietam, Fredericksburg, Gettysburg, Bristol Station, Wilderness, Spottsylvania—all through the "Grant Campaign," including the battle of Bethesda Church their last fight, when their term of enlistment expired. This last named battle was within six miles of Beaver Dam Creek, where, less than two years before, they had won a great victory over a superior force—the end being thus brought near to the beginning in point of territory, the brave two thousand that remained of the ten thousand that fought at Mechanicsville, resolved that the end of the service of the Reserve Corps should be glorious as its beginning was patriotic.

On the 31st of May, 1864, they were withdrawn on account of expiration of term of service and on the 11th of the following June were discharged at Harrisburg.

And now, after thirty years have rolled around, out of the ten thousand brave and loyal young men who went out in defense of their country, only about one hundred yet survive, and these are scattered every here and there throughout the State.

The grip epidemic for the season is practically ended, but unfortunately the results of the peculiar affection that has been so much in evidence for several years are coming to the public notice almost daily. The newspapers are full of the particulars of the self destruction of men and women who have recently recovered from what appeared to be the most dangerous effects of the common trouble. The suicide mania is following the recovery of grip sufferers to an alarming extent, and in many cases those who are the best situated in life and with the most gratifying hopes for the future, have come from their homes apparently fully recovered from the effects of grip only to accept the opportunity to commit suicide. There is no accounting for it other than that the, at first apparently unsignificant affection, seldom fails to leave a permanent impression on its victims and many of them take this unfortunate form. In the face of so many suicides following recovery from grip, the friends of the afflicted ones ought to be most careful and keep their eyes on their relatives until there is no longer room to doubt that the cure is permanent.

Breckinridge says the newspapers procured his conviction. If the jury had access to all the newspapers of the country during the Pollard-Breckinridge trial, we should not wonder if they were influenced. With scarcely an exception, Breckinridge's hypocrisy, profligacy and wickedness were scored by the newspapers of the country daily. The story of his shameless life, as told by himself, procured him the immediate condemnation and execration of the entire country, as reflected by its newspapers. If this fact had the weight with the jury, as Breckinridge declares, the cause of justice and morality has been well served by the public press in this manner.

If there is any law in Iowa, Sovereign, the head of the Knights of Labor, will find that neither he nor any other man can force railroads to give away transportation by threatening a general tieup if Kelly's army is not carried at a normal rate. Transportation is property. Any man who steals it or tries to bully anybody into giving it to him is a lawbreaker, and should be dealt with accordingly, whether he is the head of the Knights of Labor or a tramp. Working for nothing is the essence of slavery, and a demand for free transportation is an attempt to force all who work on and all who run a railroad to work for nothing.

MONEY ORDER CHANGES.

Large Sums Can be Sent For Reduced Rates.

On July 1st there will be for sale at the postoffice a new money order by which large and small sums can be transmitted by letter with safety, and at rates much less than the present. Orders for $2.50 or less can be had for three cents, and orders for larger amounts up to $100 at rates graded up to thirty cents. The schedule of fees for the new money orders has been reduced to the basis now charged by the various express companies for transmitting money, and will be as follows: For 2.50 or less, three cents; 2.50 to $5, five cents; $5 to $10, eight cents; 10 to $20, ten cents; $20 to $30, twelve cents; $30 to 40 to $50, eighteen cents; $50 to $60, twenty cents, $60 to $75, twenty-five cents; $75 to $100; thirty cents.

The postal note gives no security to the sender. Anybody can get them cashed simply by signing his name and presenting it for payment at any postoffice authorized to pay postal notes. The new money order, on the other hand, by a system of coupons serving as effective check both upon purchaser and postmaster, is apt to prove a satisfactory solution of the long mooted problem of reissuing fractional currency for convenience in mail purchases.

Under the new system postmasters will receive a commission of three cents for each money order issued. At present they get three and one-half cents for each order issued and the same amount for each order paid, and one per cent. for each postnote issued, and three-fourths of a cent for each note paid.

This reduction of the fees on large sums of money transmitted by money order is a good thing. The present rates are too exorbitant, for the people can get their money transmitted by express companies at much lower rates than the government charges.

Reptiles Burst The Sack.

Oil City, May 4.—"Rattlesnake Pete," otherwise Peter Gruber, whose expedition for rattlers was reported Thursday, has been making some great catches. Yesterday afternoon he found the snakes together. He and a helper caught two, missed the third, and in unearthing him found ten more big rattlers in a bunch. Gruber only had a papersack in which to carry his catch. He put 12 snakes, heavy load for one man to carry, in the paper sack. At Cornplanter Run, near home, the snakes burst the sack. Gruber "herded" the flock in the road while his helper found another sack. Gruber got the dozen rattlers in, but forgot to fasten the mouth of the sack. On the Seneca street bridge one of the snakes climbed from the sack to his shoulder and was crawling across his neck when he first discovered it. It was in too big a hurry to get away to attack the snake catcher, until he seized it to throw it from his shoulder It then struck at him viciously, but missed and struck its fangs into its own body. It was put back into the sack, but died soon after it was brought here. The 11 snakes are on exhibition on Elm street. The 12 snakes were captured in less than half an hour.

—Secretary Edge, of the state board of agriculture, says apple trees have never been fuller of bloom than now. Reports have been received by him from various parts of the state indicating that the crops this year will be phenomenally large.

AN EMINENT CHICAGO PHYSICIAN, IN AN ESSAY, STATES

With new methods of treatment now at our command, aided by strict observance of appropriate diet (and in this connection I strongly recommend the use of that great condensed raw food extract,

BOVININE

The Original Raw Food

its ability to restore waste and make new blood is unequalled; it is a perfect nutrient in the most condensed form, and easily retained by any stomach), with all this at our command, I say, very many cases of consumption may be cured.

Bovinine satisfies the hunger of consumptives; it builds muscle, bone, strength, where everything else fails.

Sold by all druggists.

THE BOVININE CO., NEW YORK.

THE END MAY BE IN SIGHT.

A Conference Between the Operators and Coal Miners Called.

PITTSBURGH, Pa., May 3.—The end of the great bituminous coal strike is in sight. At a meeting to-day here between the operators and the officials of the United Mine Workers such action was taken as will probably lead within a few weeks to the return of the miners to work. The miners were represented at the meeting by President John McBride and Secretary Treasurer Patrick McBryde, and with the exception of the New York and Cleveland Gas Coal company the majority of the operators of bituminous mines in the states of Pennsylvania, Ohio, Indiana and Illinois were represented either in person or by delegates. The conference adopted the following circular:

"To operators and miners of the bituminous mines of the United States, a meeting will be held in Cleveland Tuesday, May 15, at 2 p. m., to take such action as may be declared, viz: To bring about an adjustment of the differences that exist between the operators and miners in various states. All operators and miners are invited to attend the meeting.

For the miners the circular was signed by President McBride and Secretary Treasurer McBryde, and for the operators by W. H. Holcomb, of Chicago; J. A. Smith, of Terre Haute; J. S. Martin, of Columbus, and F. L. Robbins, of Pittsburg.

The call for the conference is understood to have come from the operators, who are anxious that they should not lose trade by being unable to supply customers with coal. The miners declare that they will insist upon the fulfillment of the interstate agreement and will accept no other compromise at the meeting. If the meeting should result in the calling off of the strike it will have been so timed as to occur just when all the coal in stock has been exhausted.

Bicycles and Good Roads.

The possibilities of the bicycle are growing most rapidly. One of the latest machines is equipped with an oil lamp which furnishes the heat required to work a motor which in turn moves the wheels at a rapid rate requiring no exertion other than that needed to steer the machine. The bicycle has within the short life of the safety machine, which relegated the large wheel affair to the rear, become one of the most popular companions of the great number of men and women. It is used by all classes and is becoming more popular every day, so that it is safe to predict that within a very short time the person who does not own a wheel will be an uncommon individual.

The bicycle and the large number of intelligent riders have been responsible for many road improvements already, but the future of the public roads looks brightest on account of the great need of good roads for the use of the bicycle. The new machine first spoken of can run one hundred miles with a single gallon of coal oil, and the general introduction of it will add to the strength of the movement for better public highways. With a machine that can run one hundred miles without any great exertion on the part of the rider of it on the market, purchasers will not be hard to find, and the owners of such wheels are likely to need only the better public roads to get all of the desired satisfaction out of them.

The future of the road question is in the hands of the bicycle rider, and it could not be in a better place.

Opposed to Breckinridge.

Lexington, Ky., May 3,—The preachers of Lexington have united in their fight against Colonel Breckinridge's renomination. Yesterday the Ministerial union of this city adopted the following:

"The Ministerial union of Lexington, Ky., deems it a duty of conscience in the fear of God to bear the following public testimony against the renomination or reelection of our present representative in the congress of the United States. On the witness stand in the court room he has confessed that for years he has indulged in a course of adultery and hypocrisy, and in the light of such a confession we regard his canvass for renomination and re-election; first, as an open defiance of all personal chastity, domestic purity and religious integrity; second, as an appeal to voters to ignore personal morality when choosing political candidates; third, as a corrupt and corrupting misrepresentation of the social order of our community; fourth, as a debauching example to youth; fifth, as in every way a peril to truth and righteousness.

Miners Fatally Injured.

Wilkesbarre, Pa., May 3.—A Polander employed in the Henry colliery of the Lehigh Valley Coal company allowed the loaded car to run away out of his chamber where he was at work this afternoon. A number of miners and laborers, who were passing through the gangway at the time, were struck by the car and three are said to be fatally injured. A Polander named Walaski had his whole side crushed in; Anthony Duffy, a miner and school director of Plains township, had four ribs broken, and Cornelius Conahan, his shoulder blade broken and internally injured. Two others received slight bruises about the body.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

VIGOROUS HEALTH FOR MEN

THE PASTILLE CURE FOR NERVOUS DEBILITY TRADE MARK

Prof. HARRIS' SOLUBLE MEDICATED Pastille

Has been put up in a proprietary form since 1878, and has been used for years prior to that time in private practice. It is no untried nostrum, of doubtful reputation, but a genuine specific for a very prevalent disease. Thousands of men, of all ages, have at some time in life brought on nervous debility and exhaustion, with organic weakness, by over brain work, excesses, too frequent indulgence or indiscretion and vicious habits, and it is to these that we offer a remedy that will, by its direct action upon the seat of the disease, stop the drain and restore the patient to vigorous health and strength.

Our method of introducing Prof. Harris' Pastille treatment is one which commends itself to all sensible persons—for the reason that we supply it upon their judgment of its value. We ask of our patrons nothing in the way of expense beyond a postal card and a two cent postage stamp. The postal card to be used in sending us their full address and the postage stamp for the letter returning the statement of their case for which we supply them with a question blank, to be filled out, and an envelope addressed to ourselves for use in returning it when filled.

FREE TRIAL PACKAGE. When we receive the statement on blank we prepare eight days' treatment and forward it by mail and prepay postage thereon—and along with the eight days' treatment we send full directions for using. The treatment in no way interferes with a person's attention to business, and causes no pain or inconvenience in any way.

We are so positive that it will give perfect satisfaction that we leave the matter of sending orders entirely with those using the free trial treatment. Having satisfied those sending for trial packages of our ability to benefit their sexual condition we feel that they are more largely interested than ourselves in continuing the use of the Pastilles. Even then we do not attempt to rob them by demanding high prices. On the contrary, we make the prices as low as possible, and the same to all. They are as follows: $3 for one month; $5 for two months; $7 for three months.

These prices secure the delivery of the Pastilles by mail. If desired by express we leave the patient to pay the charges. For over ten years we have operated our business upon this plan with satisfactory results.

We ask all persons needing treatment for any of the secret ills which come to mankind through a violation of nature's laws to send us their address on postal card or by letter and allow us to convince them that PROF. HARRIS' SOLUBLE MEDICATED PASTILLES have merit and are what they need.

All communications confidential and should be addressed to

The HARRIS REMEDY CO., Mfg. Chemists

99 Beekman St., NEW YORK CITY, N.Y.

ESTABLISHED INCORPD 1890 CAPITAL $300,000

5 TO 20 DOLLARS PER DAY Easily Made.

We want many men, women, boys, and girls to work for us a few hours daily, right in and around their own homes. The business is easy, pleasant, strictly honorable, and pays better than any other offered agents. You have a clear field and no competition. Experience and special ability unnecessary. No capital required. We equip you with everything that you need, treat you well, and help you to earn ten times ordinary wages. Women do as well as men, and boys and girls make good pay. Any one, anywhere, can do the work. All succeed who follow our plain and simple directions. Earnest work will surely bring you a great deal of money. Everything is new and in great demand. Write for our pamphlet circular, and receive full information. No harm done if you conclude not to go on with the business.

JOHNSON'S ANODYNE LINIMENT

UNLIKE ANY OTHER.

STRICTLY

For FAMILY Use.

Dropped on sugar suffering children love to take it. Every Mother should have it in the house, it quickly relieves and cures all aches and pains, asthma, bronchitis, colds, coughs, catarrh, cuts, chaps, chilblains, colic, cholera morbus, earache, headache, hooping cough, inflammation, la grippe, lameness, mumps, muscular soreness, neuralgia, nervous headache, rheumatism, bites, burns, bruises, strains, sprains, stings, swellings, stiff joints, sore throat, sore lungs, toothache, tonsilitis and wind colic.

Originated in 1810 by the late Dr. A. Johnson, Family Physician. Its merit and excellence have satisfied everybody for nearly a century. All who use it are amazed at its wonderful power.

It is safe, soothing, satisfying; so say sick, sensitive sufferers. Used Internal and External.

The Doctor's signature and directions on every bottle. Ill'st'd Pamphlet free. Sold everywhere. Price, 35 cts. Six bottles, 2.00. I. S. JOHNSON & CO., Boston, Mass.

FOR MEMORIAL DAY.

General Order Issued for the Proper Observance of May 30th.

Headquarters G. A. R. of the Republic.
Lynn, Mass., March 9, 1894.

General Orders No. 6,

I. Wednesday, May 30th, next, will be observed as Memorial Day. Twenty-six years ago John A. Logan, Commander-in Chief of the Grand Army of the Republic, in General Orders No. 11, inaugrated Memorial Day. In that General Order we were directed that "if other eyes grow dull, and other hands slack and other hearts cold in solemn trust, we shall keep it well as long as the light and warmth of life remains in us. His wishes and instructions have been faithfully obeyed, and as his successor I call upon you, my comrades, to again discharge this most solemn duty.

II. Each year our lines grow shorter here, while they lengthen on the other side. We have more graves to decorate and fewer comrades to discharge the duty. Realizing this let us invite all the people, especially the Women's Relief Corps, Sons of Veterans, and children of the public schools, to unite with us in the service. In no better way can we teach lessons of partriotism and prepare those who are to take our places for the high and responsible duties of American citizens.

III. The Commander-in-Chief endorses most heartily the plan that has been very generally adopted in late years, that of the attendances of the Posts of our organization upon some form of divine worship the Sabbath preceeding Memorial day. This is a beautiful custom, and Posts are urged to make arrangements for attendnace upon some such service at least once on Sunday, May 27th. Let the comrades appear in uniform, with their badges and colors, inviting, if expedient, the Sons of Veterans to act as escort, and the presence of the Women's Relief Corps, striving in every way to make this a fitting preliminary to our great service of memory and exaltation to that magnificient and loyal army of heroes of a grateful Nation.

IV. Chaplains of Posts are directed to report to the Chaplain-in-Chief through the Department Chaplains. on special blanks that will be furnished for this purpose, the number of graves decorated and all matters of interest connected with the observance of the day.

V. In 1877 the Eleventh National Encampment of the Grand Army of the Republic

"*Resolved*, That the Grand Army of the Republic seeks thus to preserve the memories of those only who fought in defence of the National unity."

And it was further

"*Resolved*, That this day be known as Memorial Day."

And it was still further

"*Resolved*, That all flags hoisted on Memorial Day be at half-mast."

By command of
JOHN G. B. ADAMS,
Commander-in-Chief.

JAS. P. MERSH,
Adjutant General.

John Noll, Esq., Appointed.

On Monday morning James C. Noll, Esq., of Bellefonte, received notice that he had been awaded a position in the Revenue Collector's head office at Scranton. Senator Grant Herring, the recently appointed collector for this district, recognized the fact that Centre county had been ignored in appointments and decided to even up matters. Mr. Noll had been an aspirant for Deputy Collector, to succeed Mr. Chambers, and had strong endorsement but the position was given to Mr. Brosius, of Clinton county,

Mr. Noll will be given a position in the office at Scranton which deals with the distilleries of this district. It is an excellent position, with a good salary, and he will be in the line of promotion later.

Marriage Licenses.

Following is the list of marriage licenses granted by the register of Centre county during the past week:

Dorsey H. Northamer and Jennie Kellock, both of Philipsburg.

Charles Miller and Maud Irvin, both of Spring township.

Julius Lermeriaux, of Philipsburg, and Julia Parents, of Hawk Run.

William L. Rippa and Mary Jane Bottorf, both of Tusseyville.

J. M. Cunningham and Annie M. Gross, both of Bellefonte.

Charles R. Eckenroth, of Union township and Jodie L. Erhard, of Unionville,

A Valuable Cow Killed.

On Tuesday morning a valuable young cow, belonging to Mr. Harry Hockenberry was struck by the local freight on the C. R. R. of Pa., at Garbers crossing, near Nigh bank, and ground to pieces under the wheels. The engine, in charge of Engineer Lonsberry, and one box car were thrown from the track. As the train was going up a heavy grade and on a straight track, people in that vicinity are of the opinion that the accident could have been avoided.

—The State College students are making elaborate preparations for the entertainment of the meet of College Athletic teams to be held at that place on Saturday, May 19th. They are also doing considerable training and there is a probability that they may carry off some of the honors, at least, in the great contest. At the least calculation there should be a crowd of five thousand people present to witness the struggle.

The Old War Governor.

Ex-Governor Andrew G. Curtin arrived in the city last night with his wife and is at the Stratford hotel. He is in fair health, though not nearly so much himself as his friends would like. Andrew Gregg Curtin, who has just passed his 77th birthday, is probably the most picturesque and interesting figure of war days and of great historic times now remaining upon the scene. His father, an Irishman, built the first iron furnace erected in Pennsylvania. When 22 young Curtin had won reputation as an orator in the campaign of "Tippecanoe and Tyler, too," in 1844, half a century ago. As long ago as 1848 he was a presidential elector, and his efforts in behalf of General Taylor contributed mainly to his election. Having aided in the election of Governor Pullock, he was made his secretary of state when it meant more than it does now.

That Mr. Curtin more than any one man decided the nomination of Lincoln in the convention of 1860 is now a part of history. Of his career as governor of Pennsylvania nothing need be said. It stands as one of the most eventful chapters in the annals of the country. It is to be hoped that ex-Governor Curtin will continue much longer to enjoy the serenity of well earned honors and the administration of a larger circle of friends than usually falls to the lot of man. —Philadelphia *Times*.

—Last Friday the Cold Stream school finished a most sucessful term under the wise control of Professor A. C. Thompson, who left for his home at Stormstown yesterday. He will visit there for two weeks and then start in on his summer's work taking orders for the American Book company, with his headquarters at Bellefonte. Professor Thompson is a very agreeable gentleman and one of the best school teachers in the county. The parents and pupils at Cold Stream are very anxious to have him back in the fall, and we hope the Rush township school directors will not allow some other district to snap him up. —Philipsburg *Ledger*.

—On Wednesday evening Miss Edna Meyer, the bright and vivacious daughter of Mr. and Mrs. J. C. Meyer, of Curtin street, entertained about a dozen of her young friends with a six o'clock tea and social party. The event was the celebration of the sixth anniversary of Miss Edna's birth and a most auspicious occasion in her young life. The young lady proved herself a most agreeable and efficient hostess and her young friends would no doubt rejoice if she had a birthday once a week. May she live to celebrate four-score more such anniversaries.

More Characters.

The Paul Jones opera company had a very full and successful rehersal on Thursday evening, almost every lady and gentleman being present. The following additional characters in the cast have been assigned

Malaguena—Miss Bernice Moore.
Alva—Charles Richards.
Fernando—J. M. Laurie.
Capt. Kestrel—George Bayard.
First Lieutenant—H. C. Quigley.
Merlan—John Bullock.

The entire cast will be announced in a few days.

That Inter-Collegiate Meet.

The State College boys who manage the Athletic affairs of that rapidly rising institution deserve the hearty congratulations of our people for their success in persuading the athletic committee of the Colleges of Pennsylvania to hold their annual meet on the State College grounds Great interest and enthusiasm and rivalry are attached to these contests and the people of this vicinity will be afforded an opportunity to witness them this year. A special train should carry several hundred people to the scene of the rivalry on that eventful day, Saturday, May 19th.

May Have to Close down.

The great coal strike, which has affected many large industries throughout the country, if it continues much longer, may even affect Bellefonte. The stock of coke at the Valentine Iron company's furnace, which was thought to have been amply sufficient to tide them over the interum, is already running very low and, unless a supply can be gotten from somewhere within the next ten days or two weeks, they may be compelled to bank the furnace until the strike is declared off and a supply of coke obtained.

Taken to the Penitentiary.

Sheriff Lapp, of Juniata county, passed through Huntingdon on Monday night's Oyster Express, having in charge Mrs. Carpenter, the wife of the blind peddler, who some months ago was killed by his son. The murderer will hang at Mifflintown on June 14 and his mother will serve a two years' sentence in the Western Penitentiary, having plead guilty to being an "accessory after the fact." The sheriff's wife accompanied him on his trip west. Mrs. Carpenter was dressed in deep mourning and wore a heavy veil.

—A case which will interest every wage earner in Pennsylvania has been instituted in Shamokin. The suit is brought in behalf of a number of employes of W. H. Shaefer, operator of the Columbia colliery at Carmel, because at the end of the month the operator attempted to deduct from the men's pay the amount they were charged with at the company store.

BURNED A NEGRO.

The Method Adopted in Arkansas to Prevent Smallpox Contagion.

Little Rock, Ark., May 4.—News of the burning of a negro in a lonely cabin near Miles Switch in Onachita county reached here this morning. Smallpox has been raging in Texarkana for some time past the neighboring country is intensely excited. The disease is confined principally to negroes. It appears a negro made his appearance in the vicinity of Miles Switch with symptoms of the pest. The news of his appearance and affection spread like wildfire. He was sent to an isolated cabin, where he was closely confined. A physician was summoned, but it is said he refused to attend him.

Meanwhile someone set fire to the hut, and the negro, unable to escape, perished miserably. It is given out tonight that the negro was shot and afterwards the hovel set on fire, presumably to prevent spread of the contagion. Whether or not a mob took part in the wo r cannot be learned. One report states the hut which sheltered the patient was set afire by an unknown person, and another that several parties are implicated. The inhuman act has aroused a whirlwind of feeling and denuciations are heard on all sides.

Harrison at Gotham.

New York, May 4.—Ex-President Harrison arrived in Jersey City by the Pennsylvania Railroad this afternoon. He was unaccompanied by anyone and passed unobserved from the train to a cab in which he was driven to the Fifth Avenue Hotel.

Mr. Harrison, when seen to-night, said his visit to the city was purely on private business matters. "I have no object in coming to New York," he said, "except on my professional business. I have a law case which I came here to attend to. I have been misquoted by the newspapers and the attempt to give any political coloring to my visit here is altogether unwarranted. My law practice is taking up all my time and I have no thought of politics."

"Have you any idea of becoming a candidate for the Presidency in 1896?"

"I have not," replied General Harrison, in an emphatic manner.

He said he expects to remain in New York for six or seven days. He will be joined on Monday or Tuesday by his daughter, Mrs. McKee and Baby McKee. When he leaves here he will go home to Indianapolis, but his daughter and grandson will remain East, where they will spend the summer.

Children Cry for Pitcher's Castoria.

SULPHUR BITTERS

The Greatest Blood Purifier KNOWN.

This Great German Medicine is the cheapest and best. 128 doses of SULPHUR BITTERS for $1.00, less than one cent a dose. CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail

CARTER MEDICINE CO., New York.

Small Pill. Small Dose. Small Price.

Bellefonte Republican,

To CORRESPONDENTS.—No communication ublished unless accompanied by the rea name of the writer.
Corespondents should write upon but one ide of the paper, and avoid the use of pale or ancy inks.

EDWARD T. TUTEN.

Local Department.

—Col. W. Fred Reynolds will be ready to begin work on the new armory in about a week.

—Could anyone picture any more delightful weather than the kind we are having at present?

—Have you noticed the Sea serpent in the Racket window? If you haven't, you should go and see it.

—Since the coal strike freight traffic over the Bald Eagle Valley railroad is very light, being confined mostly to what is known as local.

—Master Jesse Underwood, the Western Union messenger boy, has donned a new uniform and presents a strikingly handsome appearance.

—The remains of Mrs. Fogleman, who died at Spring Mills on Monday of bronchitis, were taken through Bellefonte to Unionville on Tuesday evening where interment will be made.

—Mr. George H. Harmon has accepted a position as traveling salesman for McCalmont & Co., the implement dealers in this place. Mr. Harmon is also agent for the Davis vertical feed sewing machine.

—Workmen are fast completing the foundation wall of the new building to be erected by the Brockerhoff brothers on the foundation of the old Conrad building, destroyed by fire a couple of months ago.

—One of the most charming marches ever written, "Chimes of Silver Bells," has just been published by Charles A. Mullner, of Milton, Pa., and is now on sale at the music stores. It will be found a most delightful addition to the repertorie of all musicians.

—The old porch on the front of the residence of Mr. C. T. Gerberich, on Thomas street, has been torn away and a new one, of the most modern style of architecture, is being erected. When completed it will add greatly to the appearance of Mr. Gerberick's home.

—A church convention will be held in the Pleasant Gap M. E. church Wednesday and Thursday of next week, May 16th and 17th. An elaborate programme of exercises has been prepared and among the speakers to be present are Rev. Dr. Monroe, Rev. N. P. Smith and Rev. G. P. Sarvis.

—The regular fortnightly Lutheran sociable will be held on Thursday evening, May 10th, at the residence of Mr. Daniel Everhart, on East High street. The refreshments will consist of chiken and waffles, ice cream, cake, fruit, etc. There will be good music by an orchestra and quite a number of games of various kinds. Everybody is inyited to attend.

—Thomas Moore, the jeweler, took an early start on Tuesday morning up Buffalo Run on a fishing excursion. He was quite successful, returning in the evening with a large string of the speckled beauties. Tom was so elated over his luck on Tuesday that he and Clayton Brown departed this morning for Sugar Valley to try their luck in the trout streams of that locality.

—The new steel vault furniture and fixings for the office of the Register and Recorder have arrived in Bellefonteand are now being hauled from the depot to the court house. It will be put in in the next few days and then that office will be fitted up and arranged in every way as completely and conveniently as any of the other offices in the county building. The new furniture is certainly a decided improvement over the lumbersome old wooden kind.

—Mr. J. J. Goheen, of Spruce Creek, Centre county, one of the best known farmers on Spruce Creek, met with quite a serious accident on Thursday afternoon last. He had hitched a colt in a spring wagon, and in starting from Baileyville the colt started suddenly, throwing Mr. Goheen from the wagon and breaking his collar bone. Owing to his advanced age, he being about 74 years old, Mr. Goheen will likely suffer considerably. His many friends in this section will be sorry to learn of his mishap.

—Judge A. O. Furst, of Bellefonte, at the Ward House, Tuesday afternoon heard the arguments of counsel in an important equity case, growing out of the recent failure of Thomas S. Johnston of Huntingdon. Action was brought by Hood, Foulkrod & Co., of Philadelphia, creditors of Mr. Johnston, avering that the heavy judgments in favor of Henry & Co. are fraudulent, and asking that Sheriff Oaks be restrained from selling Johnston's personal property to satisfy these judgments. Wm. Dorris argued for Hood, Foulkrod & Co., and George B. Orlady Esq., combatted for the defendent.—Tyrone *Herald*.

To the Penitentiary.

On the 5.32 train on Tuesday Sheriff John P. Condo, with Mr. A. S. Garman as deputy, took Milton Harmon and his wife, Mary Harmon, sentenced on Saturday to one year in the western penitentiary, to that institution. The wife had a few months' old babe on her bosom which the law was unable to keep from her. And thus ends the widely celebrated and much talked of Harmon case.

IN MEMORY OF MARIE P. TUTEN.

A Brief Sketch of the Life of a Most Noble Women.

"In the midst of life ye are in death." Ah, how true—only too true—is the above scriptural text. "No man shall know when the hour cometh, therefore, be ye always prepared." It takes not years to die, only a few days, a few hours, yea, even a few minutes, is time amply sufficient for the snapping asunder of the silver cord of life that intervenes between this world of mortality and the divine world of immortality, and the friends and loved ones we have known on earth for years, maybe, we shall know no more in the flesh, but they shall live in memory as long as life shall endure.

One week ago today the subject of this sketch, Mrs. Marie P. Tuten, wife of Edward T. Tuten, Editor and proprietor of the DAILY NEWS and *Bellefonte Republican*, was in her usual health. Wednesday evening she was seized with a chill, took a few usual remedies and retired to her bed with no thought but that she would be all right when Thursday morning dawned. But when that time came she felt too miserable to get up, although her symptoms were not at all alarming. Through Thursday and Friday she apparently improved and her family and friends thought a few days of quiet and rest was all that would be needed. But, fatal illusion! When Saturday morning came her condition was such as to demand the care of a more skillful person and Dr. George F. Harris was summoned. Dr. Harris called and prescribed and Mrs. Tuten again appeared to be improving. It was not until Sunday night that her condition assumed a more alarming nature and when the attending physician visited her on Monday morning he discovered that her disease had developed into a severe attack of pneumonia and that her condition was extremely critical. From that time on, with the exception of a couple brief rallying spells, Mrs. Tuten grew weaker and weaker, sinking gradually, but none the less surely. A consultation of physicians was held Monday night but the chances for her recovery were then pronounced but one in a thousand. Had she been young and strong her life might have been saved, but at her age, and having been afflicted with palpitation of the heart for years, she was not able to survive the attack and she continued growing worse until the end came, peacefully as a child going to sleep on its mother's breast, at one o'clock Tuesday afternoon. All that medical skill could do, helped with the most careful watching and nursing of family and friends, availed not. Through all her illness Mrs. Tuten never lossed consciousness. She recognized the members of her family and her friends up to within ten minutes of her death.

Arrangements for the funeral are now completed and the same will be held on Friday afternoon, May 11th, at 2 o'clock. The services will be at the late residence of the deceased on East Linn street, and will be conducted by Rev. Dr. Laurie, D. D., her pastor. Interment will be made in Union cemetery beside her mother and her son, Edward Lindley Gray.

The maiden name of the subject of this sketch was Marie P. Fifield. She was the daughter of Benjamin and Catherine Fifield, and was born in Fryeburg, Maine, November 10th, 1829, thus being at the time of her death aged 64 years, 5 months and 29 days. Being the only child who grew to womanhood, and endowed with a strong mind and unusual ability, she was given a liberal education and at an early age she began to teach school. She taught several terms, and while yet a maid in her teens, or at the age of 18 years, she was married on August 4, 1847, to Edward Lindley Gray, a sea captain of Cambridge, Mass. Mr. Gray was the owner of several merchant ships and did a large trading business between eastern ports and the Society Islands, where he also carried on a large mercantile business. His business demanding it, it was early in the year 1848 that Mrs. Gray accompanied her husband on a trip to that far off home in the middle of the Pacific ocean. Prior to his departure, however, Mr. Gray had received the appointment of American Consul to the Island of Tahiti. On their arrival in that place they took up their abode in the city of Papiete, the capital of the Island, and here they resided for a period of six years, or until 1854. At that time the island was governed by a queen named Pomare, and many and most interesting were the stories and reminiscences told by the deceased of her home on the island, which proved a most pleasant period of her life. During their residence in that place three children were born, namely, Catherine Elizabeth, Ada Marie, and one dying in infancy.

In 1854 Mr. Gray with his family started on a business trip home to his native land and it was during the voyage of six months, that he contracted a disease from which he never fully recovered. On their arrival home they took up their residence in East Cambridge, Mass., where they continued to live until the death of Mr. Gray which occurred December 10th, 1860. In the meantime two more children were born to them, Edward Lindley, and Frances Evangeline. Mrs. Gray, having suffered the loss of a most loving husband and father, continued to reside in East Cambridge until 1867, when she moved to Bedford, Mass. In 1866 she again suffered an affliction in the death of her oldest daughter, Catherine Elizabeth, who died May 21st of that year.

On the 10th day of February, 1870, Mrs. Gray was united in marriage to Mr. Edward T. Tuten, the surviving husband, at East Cambridge, Mass. On December 4th, 1870, their first and only child, Earle Chester Tuten, was born at Shelburn Falls. On January 14th, 1861, Mrs. Tuten's second child, Ada Marie, died. Mr. and Mrs. Tuten continued to reside in Bedford until the winter of 1872-73, when they sold their possessions there and, accompanied by Mr. Tuten's brother, Robert P. Tuten, came to Bellefonte arriving here on the 6th of January, 1873. The Tuten brothers bought the plant of the *Bellefonte Republican* and with that paper Mr. Tuten has been connected ever since.

Of her life during Mrs. Tuten's residence of twenty-one years in Bellefonte, it almost seems like presumption to attempt to speak or write. No words of pen or pencil can do her half justice. A lady of the most pleasing appearance, of unusual intellect and brilliancy of mind and character, she knew no other way but to make friends wherever she went; and a friend with her once made meant a friend for life and through all eternity. Very few there are, indeed, in Bellefonte, who did not know her and claim her friendship, and in all the town, or the world, there is not one who is or was her enemy.

"None knew her, but to love her;
Nor named her, but to praise."

She was one of those rare characters who knew not the word enemy. To injure or harm a person in any way was a something she knew not how to do. Her acts and her life were all kindness and charity. Her hand of friendship and aid, so far as she was able to do, was always extended to all, no matter what their station in life. We have known her most intimately for ten years past and in all that time never heard her speak a word, or do an act that could cause a feeling of pain to anyone. Her aim and object in life seemed to be to make those around her happy; to cheer all who were distressed and to aid the suffering, and there is not one among her legion of friends but who will hear with a pang of the deepest regret of her death.

As a wife she was most loyal and loving, a fit partner for the man of her choice. As a mother—ah, here words fail us. No poor words of ours can properly portray the unfathomable depths of the love she bore for her children. There is nothing she would not do or have done, nothing she would not suffer, to save them one minute's pain or sorrow. And thus she won for herself such a filial love as few mother's possess. There is left to survive her a loving husband, an affectionate son, Earle Chester, and a daughter, Mrs. C. L. Gates, whose great love for her mother can never be told, all of whom have suffered a loss too great to describe. Her oldest son, Edward Lindley Gray, who will be well remembered by the readers of this article, died December 8, 1884. Mrs. Tuten's mother, Mrs. Catherine Fifield, also died in Bellefonte in 1875, and was buried in the Union cemetery. Mrs. Tuten was a member of the Presbyterian church for a number of years and a christian lady in every respect.

And thus her life's journey is ended. She has lived a life, not for herself alone, but for the help of all those with whom she came in contact and for the betterment of humanity in general. Those who knew her know how well she lived up to the text "Do unto others as you would have others do unto you." To say that she will be missed and mourned is not half expressing the truth. Her place in her late home can never be filled; her loss to her husband, her children and her grandchildren can never be made up, and her death leaves a place in the world at large that will ever remain vacant. "God giveth and God taketh away," and, although her death is almost unbearable, her friends have comfort in the blessed assurance that she is now mingling with the angels in that realm of the redeemed, where there is no more sorrow, nor parting, and where, if they follow in her footsteps, there will be a reunion in that Great Day of Judgment—a reunion which no death angel can rend asunder.

Young Men, Move On.

Numerous complaints have been made of late regarding the large number of young men who make it their business every Sunday evening to congregate on the pavement in front of the various churches in town, smoke cigarettes and indulge in loud talking even using profane language, thus disturbing the worshippers inside and making it unpleasant for passersby. The police will be instructed to here after keep these pavements clear of loafers, if they have to arrest every young man in Bellefonte. The police also, will be instructed to enforce the law and ordinance regarding drunkenness, swearing and children being out after eight o'clock in the evening.

The Proper Way.

Many citizens have already begun to clean away rubbish and improve the sanitary condition of their premises. This is a very proper step to take at this season of the year, and it is also much preferable to waiting until the health officers call around and order property owners to do that which their own health and pleasure ought to make imperative instead. If property owners will do what they think necessary the board of health will have little to enact in support of perfect sanitary condition.

IN THE WORDS OF THE COURT.

Remarks of Hon. A. O. Furst in Passing Sentence on Milton Harmon and Mary Harmon.

In the case of the Commonwealth against you, Milton Harmon and Mary Harmon, we have continued the case to the close of his term for the purpose of weighing your case in every light in which it could be presented to the mind of the Court. We have been exceedingly busy in the trial of cases and this is the first hour since your case was tried in which we could give it consideration without delaying other important affairs of the County. Notwithstanding the fact that it was on the 4th of January when your crime first startled this community, and that you were convicted in Court at this term, I do not think there has been an hour since that I have not been weighing the crime that you have committed, for the purpose of determining the true measure of punishment that should be visited upon you. It is the one case of my judicial life that has given me trouble to arrive, in my mind, at the proper punishment; and I say also for my brethren, the Associates, that they have met the same difficulty in the case that I have met.

Mrs. Harmon has an infant child in her arms, and that child must bear with her the disgrace of her crime, although it is innocent of crime itself. Were it not for the condition of the mother, whom we regard as really as guilty, if not more so, than her husband, we would have less trouble in the case.

When your crime was first made known in this community, it startled everybody; and when your case was laid before the Grand Jury at the January Term, had your case been tired before a jury at that time, you would have been convicted of almost any charge the Commonwealth would have alleged against you; and on the Court charging you with assault and battery with intent to kill, you would have been found guilty.

The Commonwealth, however, made application to the Court to continue your case, because the Commonwealth was not prepared to properly lay it before the traverse jury, where the whole case would been laid before the Court in determing the question of your guilt or innocence; and we then continued your case because we saw it was not the time to try a case of its importance. We will never permit a single right of a defendant to be joepardized through the excitement of the public mind; and although the application was made by the Commonwealth, we felt that such an application was only fair to the defendants.

The case was then brought to trial at this term; and the Commonwealth entered a nolle prosequi as to one count, and you have pleaded guilty as to the other counts in the indictment.

The question now before the Court is as to what is the character of your crime; originated we can say here that your crime in and hatredto your own child. We think there was a disposition in your minds to get rid of that child in some way that would be short murder, that if you could have got that child out of your family, or out of existence, without any open violation of law, that child would have disappeared. You began the practice of a system of cruelty towards your child which continued until the officers of the law detected it; and when they entered your house, they found this child in a starving and dying condition through cruelty such as I have never known to appear in any Court with which I am familiar; and it now sends a shiver through my heart to think that any parent could be found in Centre County who would try to get rid of a child by starving it to death; and when death, by such means, did not come, would resort to such cruelty as you inflicted on this child. The offense here is that you tied this child up and both whipped it with a cart whip; and after the whipping its own mother took a pail of water and washed the blood from the floor. The father, or reputed father, of this child struck it with his fist and cut two large gashes in its lip. You cut it in the groin with a corn-cutter, tied its hands behind its back and kept it in an upper room of the house, for what length of time we do not know; but this we do know, that when it was discovered, there was a piece of dry bread lying in the room, and the child was hungry and starving. These are the facts shown by the Commonwealth.

On the other hand it is shown that Milton Harmon is a good industrious man; and that this is his first offense.

We can not shut our eyes to these facts. This is a case we can not overlook. With all the intelligence with which we can view your act, with all the charity and mercy through which we look at your crime, we can not properly dispose of this case without putting the seal of condemnation upon your acts. We take no pleasure in sentencing you; but at the same time, we feel it is due to this community and it is due to the world to know that a crime of this character can not be condoned in a Court of Justice; and however severe the punishment may be, however it may affect your future lives, the time has come when we must teach the community that parents must respect and treat with kindness their own children; and where they, for any cause, endeavor to get rid of a child from their families by cruel and barbarous treatment, such as you inflicted upon your own son in this case, and are brought into Court, the Court must visit the proper punishment upon them. We can not do anything else. It is not our punishment; it is the punishment which the law has attached to your crime; and were it not for the helpless condition of this child in its mother's arms, our sentence would be very much more severe. We appreciate the fact that we have had some difficulty in securing the custody of this child in the Penitentiary; and yet upon communication with the Warden of the Penitentiary, he has informed us that, in a proper case, they will receive a nursing child with its mother.

Now, in view of all the facts in this case in view of the fact that we could sentence each of you to pay a fine of a thousand dollars and undergo imprisonment at hard labor in the Penitentiary for three years and in view of all the circumstances in this case, whilst we condemn your crime, we condemn it with as much charity and mercy as we can see in the case.

The defendants were then sentenced each to the penitentiary for one year, and each to pay a fine of one hundred dollars and the costs.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

ABSOLUTELY PURE

PERSONAL PENCLINGS.

Col. D. S. Dunham is off on a business trip to Williamsport.

Mrs. Emanuel Peters, of Oak Hall, is visiting friends in Bellefonte.

Mr. R. P. Long, of Howard, made a business trip to Bellefonte on Tuesday.

Joseph Rodgers, station agent on the P. R. R. at Osceola, has been in Bellefonte all week attending court.

Mr. Lawrence Butts has started on a trip to New Zealand in the interest of the Baldwin Locomotive Works, of Philadelphia.

The Misses Valentine, daughters of Mr. George Valentine, who spent the winter in Baltimore, are at present visiting their friends in Bellefonte.

Mrs. Michael Kelley, of West Beaver street, who for some time past has been ill with neuralgia of the blood, is at present somewhat improved.

Mr. Samuel Lewin and family returned on the 4.30 p. m. train Monday from a three week's visit with friends in Philadelphia and Baltimore.

Miss Bridgie Curry, who taught school in Snow Shoe the past season, came to her home in this place on Tuesday evening, her school term being ended.

Mr. Henry Crouse, of Aaronsburg, is spending a couple of days attending to business in Bellefonte. He is stopping with his sister, Miss Carrie Crouse.

Hon. John A. Woodward and Ex-Sheriff Robert Cooke, Jr., of Howard, and Jacob Robb, of Romola, were lower Bald Eagleites who spent Tuesday in Bellefonte.

Mr. Charles Levi departed this morning for Philadelphia where he goes to attend the funeral of his father whose death occurred in New York on Wednesday. The remains will be interred at Philadelphia.

George W. Atherton, President of the State College, has returned from his extended tour through Mexico and the southwest. He passed through Bellefonte Tuesday on his way home. He looked the perfect picture of health.

Miss Laura K. Hafer, dentist, is now in Philadelphia where she was called to do some work for private parties. Miss Hafer has shown great proficiency in her profession and her fame is already known far and wide, as she has received calls from residents of Washington, D. C., for professional service.

Mr. David Foreman, who has filled the office of deputy prothonotary most efficiently for the past seven years, is about to retire and will be succeeded by Mr. Arthur Kimport, of Harris township. During his term in the office of the prothonotary Mr. Foreman has discharged the duties devolved upon him in a most faithful and conscientious way, always to the entire satisfaction of both employer and patrons. His successor is a young man of considerable ability and will, no doubt, make a good deputy.

Go to State College.

It is to be hoped that Saturday, May 19, will be a beautiful day. For undoubtedly, if such is the case, the largest crowd that has ever assembled on the State College grounds will gather there on that day to witness the contest of the athletes of the several Colleges of Pennsylvania. These contests consist of running races, bicycle races, walking matches, throwing the hammer, pole vaulting and the other contests that usually occur at these great athletic meets. A great expense attends the bringing of so many athletes to the College from the other Colleges and several hundred people should go from Bellefonte to help out the expenses and enjoy what will be genuine exciting fun. Lay your plans early so that you will be able to go one and all. The opportunity may not be afforded again in many years.

FOURTEEN TO TWO.

Is the Tale of Woe the Academy Boys Now Hear.

It was but a small crowd of enthusiasts that went to Hunter's Park Saturday afternoon to see the Academy boys "do up" the Lock Haven Normal team, but witnessed a reverse most overwhelming. The boys did very well at practice and it did look as if the game might be a close one.

The game opened with L. H. N. in the field and Mac Curtin at the bat. Mac knocked a short one to pitcher Maley and on his assist died at first. Reed makes second safely on a bunt and Maley's error. Boggs was put out at first on Shaffer's assist. "Beezer" Curtin sends a little one out to short, makes first in season and Reed reaches the plate, scoring the first run. Hastings knocks one to short, who puts it to second and Curtin dies, retiring the side.

The Normal boys came up to the bats smiling. After two balls and two strikes Hite sends a long one in Runkle's dominion and he bagged it safe. On his last chance Early reaches first on a fumble of Hastings. He steals second and third while Hicks is struck out and Wagner knocked a pop fly which was captured by Boggs and the side retired without a run.

In the second inning Ryan struck out. Hughes sends one to short and makes first, Runkle dies at the bat while McLaughlin sends one to right which is captured by Fleming. For Lock Haven Shaffer gets first on balls, steals second and third on a high throw from the home plate; Fleming strikes out and Shaeffer comes home on a passed ball. And then the work commenced in earnest, and from that time on the plays were two wicked to be taken down in full, but the slaughter of "our boys" continued until the close of the game when the score footed up 14 to 2 in favor of the Normals. But then this is no reflection on the Academy team, as it is made up principally of young boys and they have had very little practice as yet, while Saturday's game was the first one for the season for them. After they play a few games and get down to better team work the result of games will be different.

Must be A Coxeyite.

Monday evening a young man, considerably under the influence of John Barleycorn, was parading back and forth on Bishop street. His drunken walk attracted the boys in that neighborhood and they attempted to have a little sport with the unknown. But he, being none of the sportive characters, resented their taunts, and finally commenced stoning the boys. Of course, in his condition his arm was not of the most accurate and the result was a heavy club he threw went crashing through one of the large plate glass windows in the Ammerman building. The young man then took a walk but it was no time at all until policeman Garis had him in tow and escorted him to the office of John M. Keichline, J. P. Here the young man refused to give any name, preferring to be known as the "unknown," and, not being able to pay the fine imposed, he was committed to jail.

—Ladies Coats reduced from $6.00 to $3.00 at Mrs. J. A. Aikens. A.5-1m.

ANNOUNCEMENTS.

PRESIDENT JUDGE

In accordance with the customs and rules of the Republican party, I hereby announce myself as a candidate for President Judge of this Judicial District, subject to the action of the Republicans of the district at their nominating conventions.

JOHN G. LOVE.

In accordance with the rules and customs of the Republican party we are requested to announce as a candidate for President Judge in this Judicial district the name of Hon. A. O. Furst, subject to the action of the Republicans of the district at their nominating conventions.
